From the Girls in Chem.

Jerry,

I the clown
of the Chem. class. If you're
still stuck with Chem. don't
worry about it, I got stuck
the first day I walked in here.
Well, kid I guess this is
good-bye. I certainly don't want to
come back next year.

Sharon
Bauman '61

Jerry,
It has really been a
great three years in Chemistry.
I hope to be in at least one of
your classes next year.
Good luck in the future
Best of wishes
Dorothy

31st EDITION
WHITMER SENIOR HIGH SCHOOL
TOLEDO, OHIO

The Oracle staff proudly presents a pictorial record of the new Whitmer Senior High School. The impressive main entrance on Clegg Drive is the gateway that leads to one of the finest facilities for educational opportunities offered in the state of Ohio.

The words Whitmer Senior High School stand out in shining letters above the main entrance.

A blue dot on a map of the United States on the north entrance to the main building shows the location of the new school.

First-nighters to Whitmer dramatic productions held in the auditorium enter through the glass doors of the spacious lobby which contains two ticket offices. The auditorium has a seating capacity of 1500 students and has perfect acoustics. The stage is sixty feet long and is equipped with the finest of modern lighting.

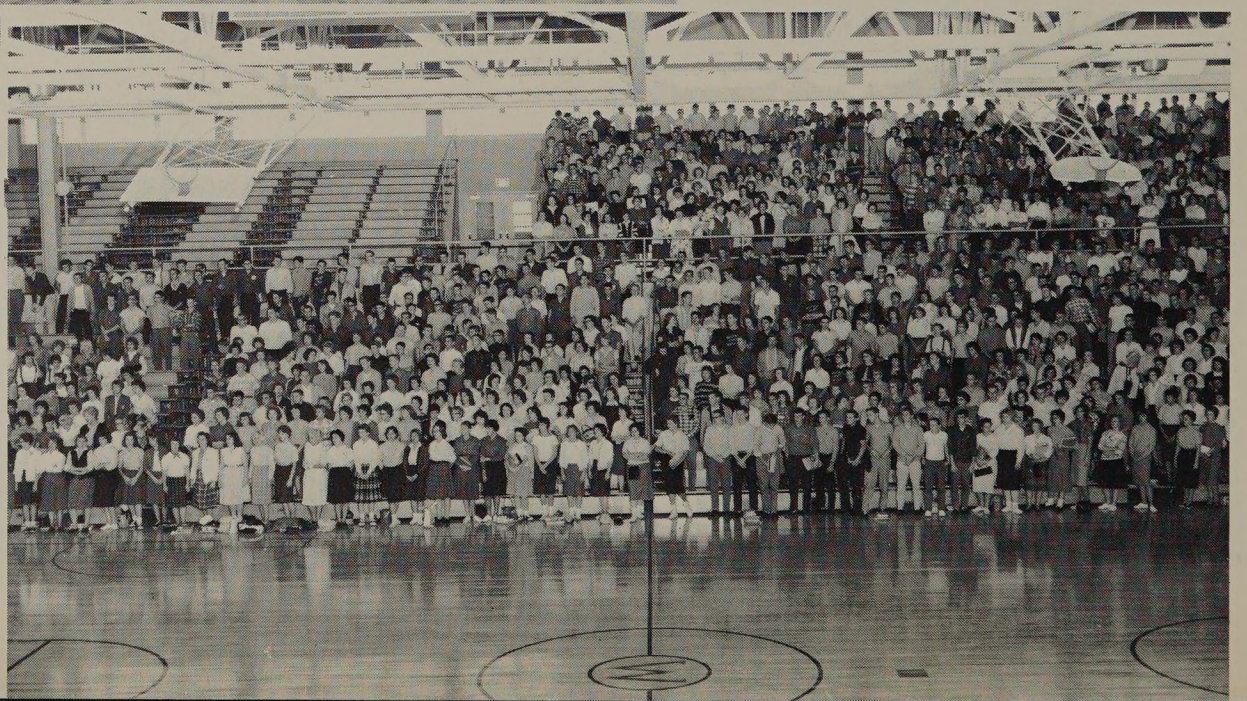

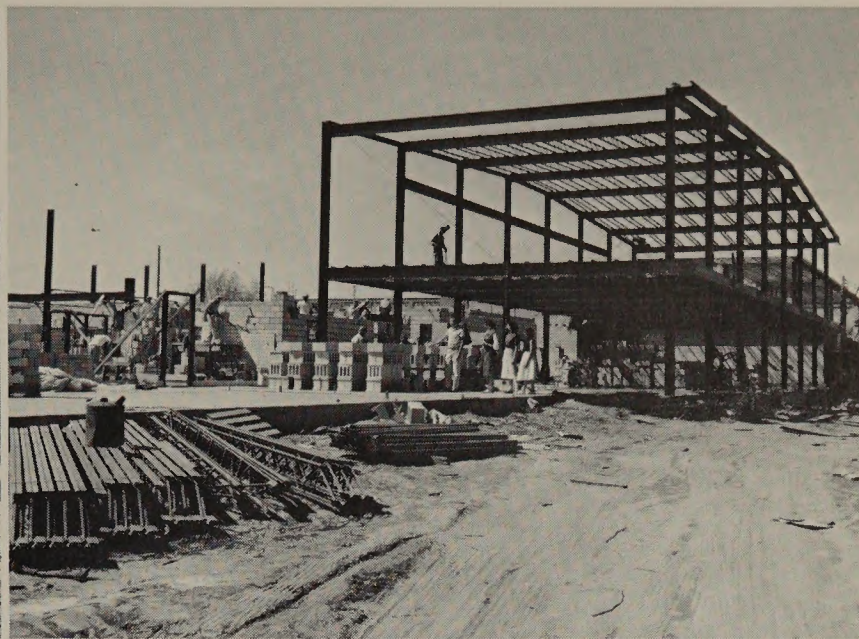

Groundbreaking ceremonies for the new school were held September 10, 1958.

The girls' gym has room for three volleyball courts, one basketball court, and one indoor baseball diamond.

During pep sessions the roll-away bleachers on the main floor and the balcony take care of everyone.

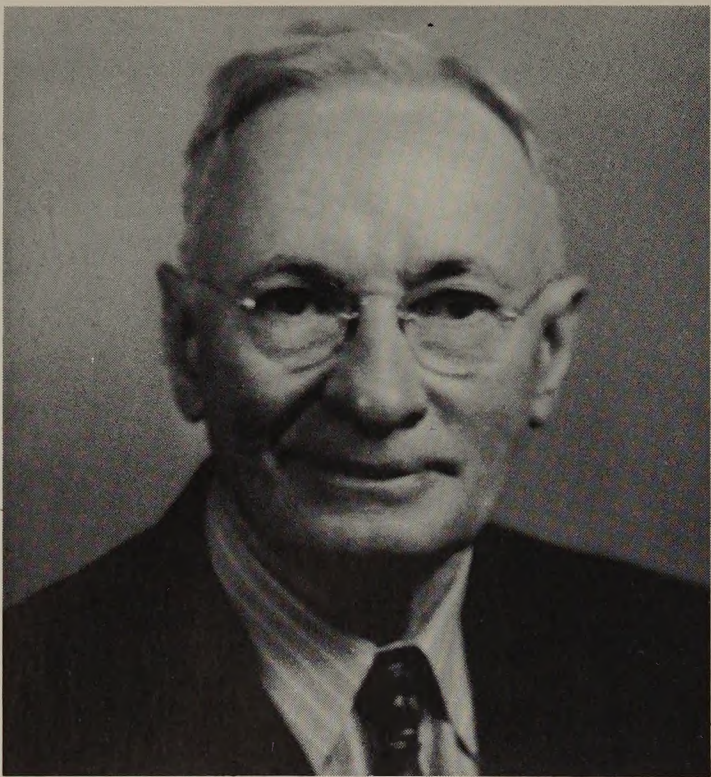

In the spring of 1959 the Oracle staff inspected the early construction of the building. The unit on the left is the Clegg Drive entrance to the north wing. The right hand

view shows girders being placed into position for the main entrance.

Whitmer's students, parents, and guests will use this entrance to the field house when attending athletic events and the annual circus. The field house seats 4400, and the floor contains one main basketball court, two cross-court

practice zones, six volleyball courts, and one indoor baseball diamond. A colorful mural painted by James Nickloy, a Trilby artist, decorates a large section of the east wall.

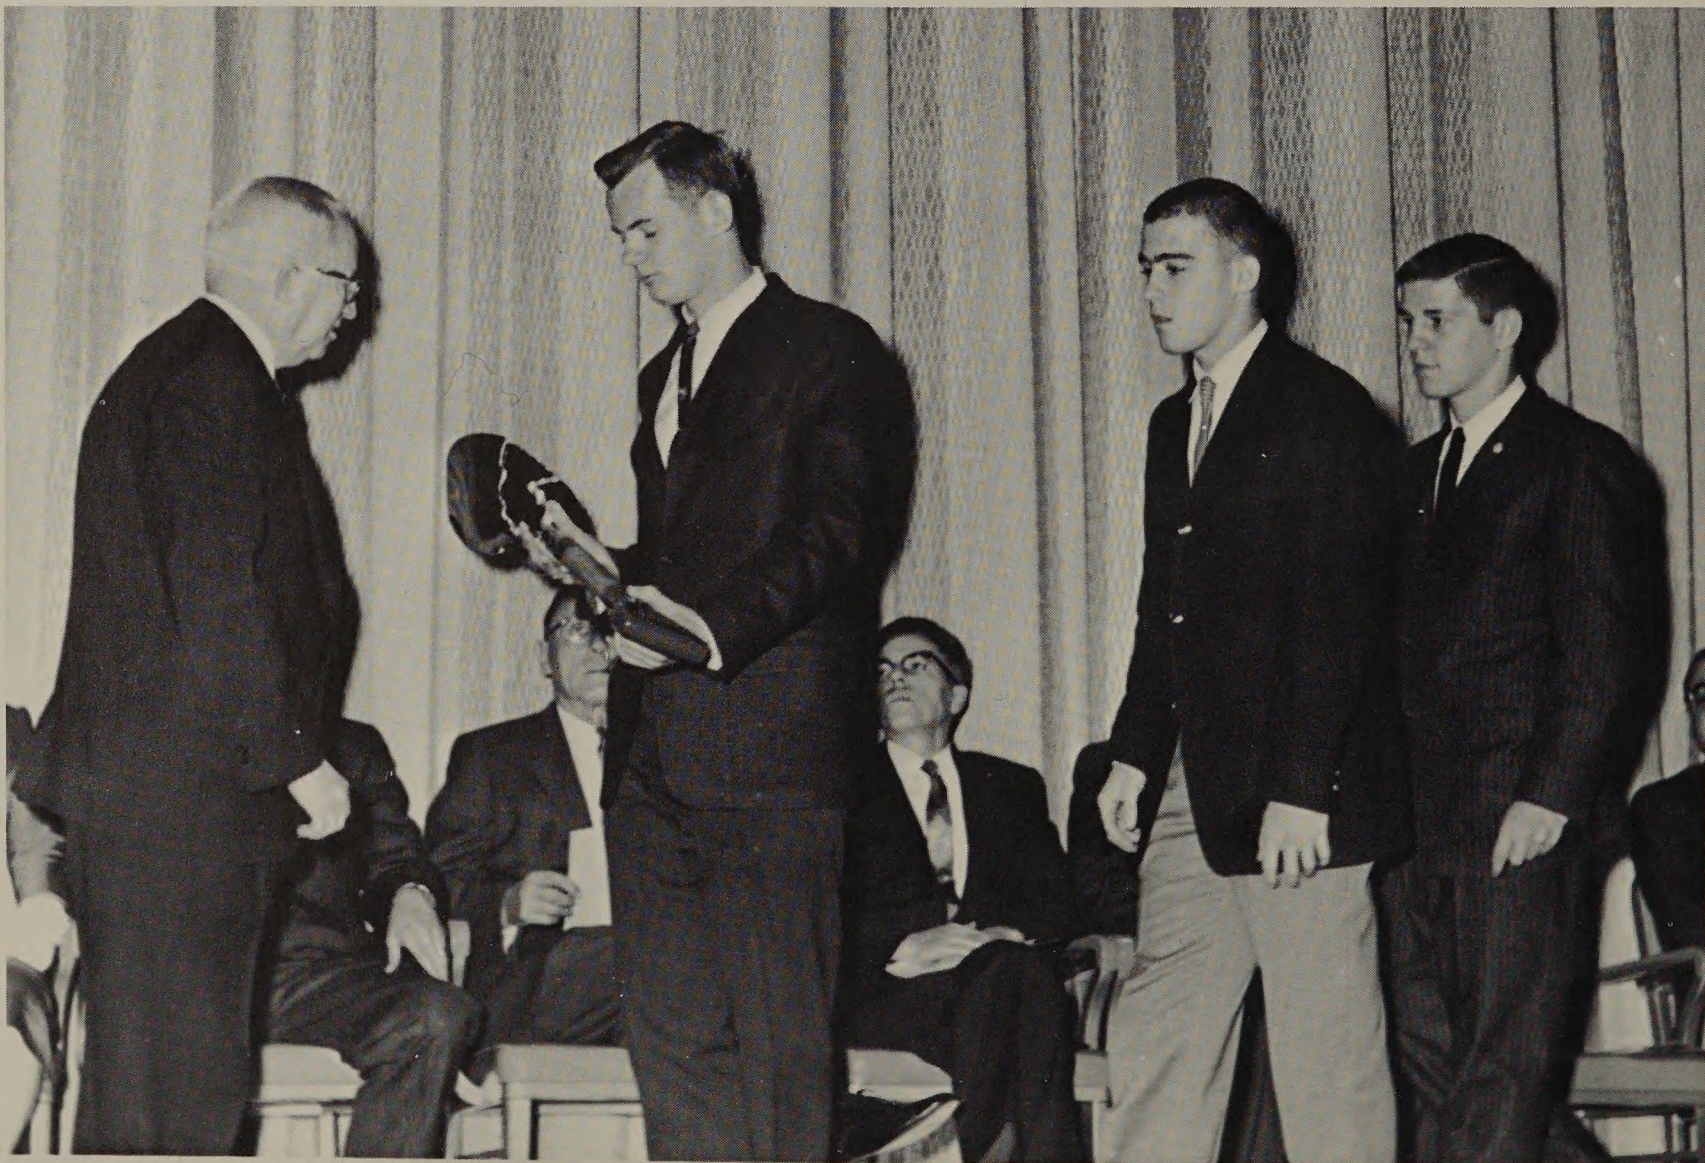

John Wallace Whitmer

John Wallace Whitmer, a well-known educator, is the man for whom Whitmer Senior High School was named. He was born in 1877 and died in Flower Hospital on November 15, 1960. He began his teaching career in 1899 and in 1915 was named Lucas County superintendent of schools. It was while serving as county superintendent that Whitmer High School was named in his honor. In 1924 township residents and teachers approached Mr. Whitmer to ask that a high school be provided in the area. Mr. Whitmer agreed that a Washington Township high school was vital and soon classes were started in the basement of Wernert school. In 1928 the original Whitmer High was opened and in 1960 the new building was also named Whitmer. Although Mr. Whitmer was unable to attend the formal dedication of the new Whitmer High School on November 6, 1960 he sent his best wishes and expressed hopes that he might visit it yet.

1877—1960

Formal Dedication — November 6, 1960

Mr. Clyde Elder presents class presidents Brian Jenne, James Counts, and Bill Hankforth the shovel used in the ground breaking ceremony.

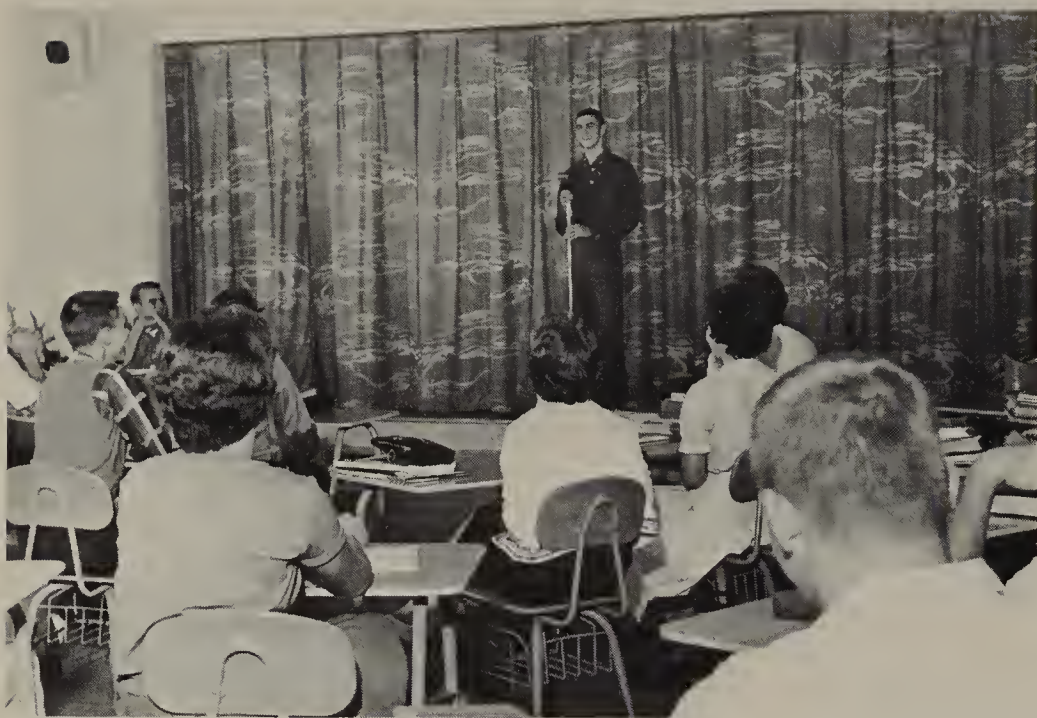

Mr. Homer Nightingale welcomes Dr. Harlan Hatcher, President of the University of Michigan, while Principal Harvey Davis smiles approvingly.

Representatives of the 2087th A.R.S.U. present the colors.

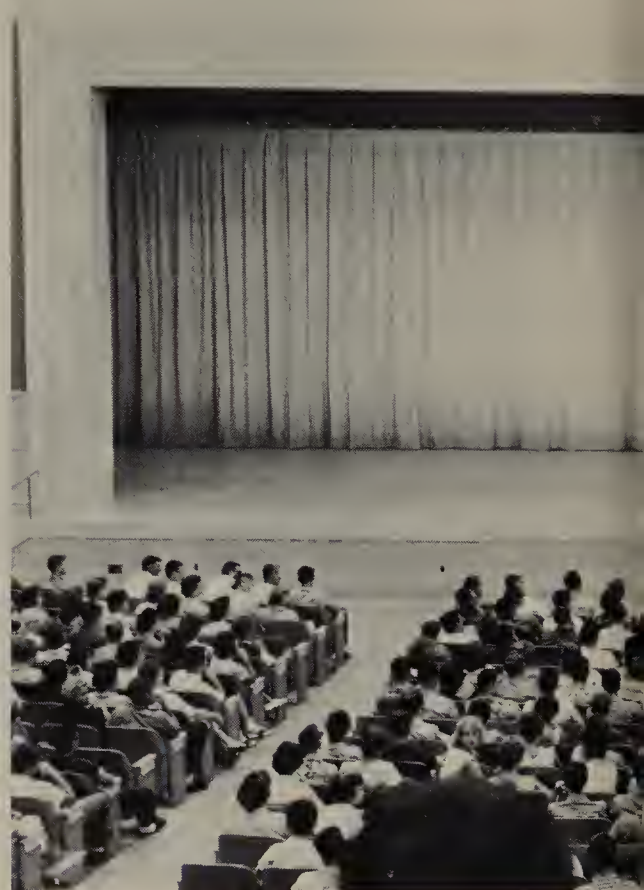

The camera catches a backstage view of Dr. Harlan Hatcher at dedication services.

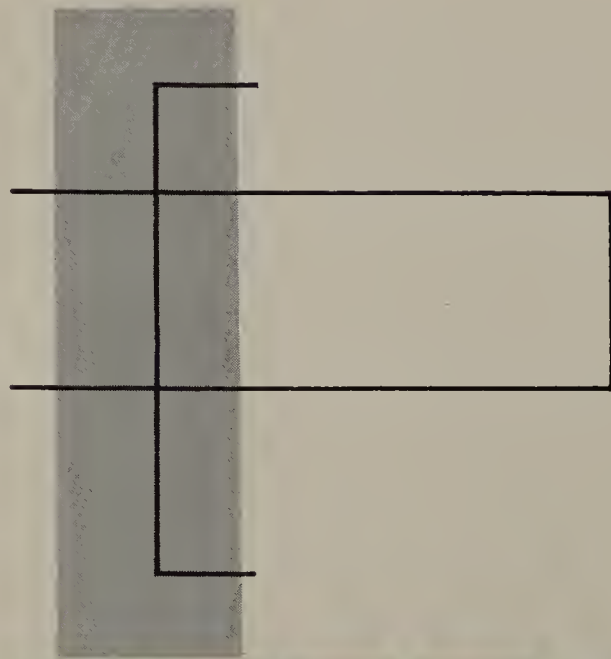

The little theater on the second floor is designed for the speech classes. Its stage is used for play practice as well as for speech demonstrations.

The sparkling new cafeteria provides for three lunch lines.

The Earl B. Driver library was named in honor of the former superintendent of schools of Washington Township. The floor-to-ceiling windows give ample light to the main room which is adjoined by offices and workrooms.

A view of the stage taken during the first day assembly shows the magnificent proscenium arch which dominates the auditorium. Three sets of curtains make it possible to change the size of the stage area.

On the Campus

ABOVE: The fireplace in the main lobby is an inviting spot for students to congregate.

BELOW: The bookstore is conveniently located near the cafeteria. It is open before school and during all lunch hours.

The greenhouse which adjoins the science department on the south side of the building is maintained by the biology classes whose duties are to nurture and observe growing plants in their seasons.

A Cincinnati milling machine is an important tool in the machine shop. It is used to cut metals, flatten surfaces, and cut drills.

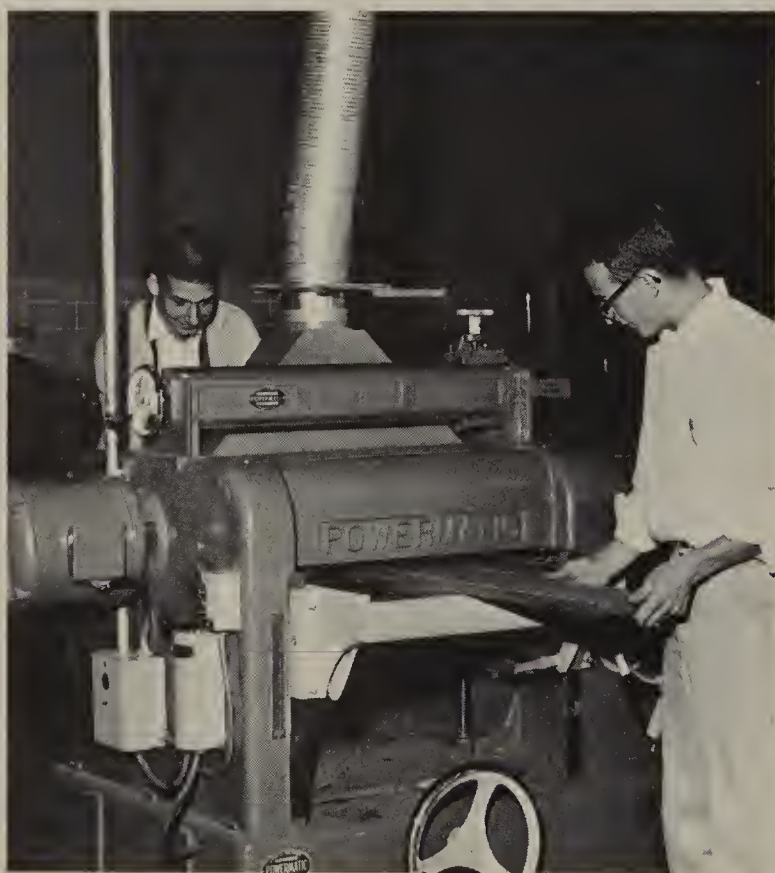

The auto mechanics shop is the proud possessor of two twin-post hoists. The room is also equipped with an underfloor exhaust removal system.

Shops

The department of Industrial Arts and Vocational Education is housed on the first floor in a separate wing on the north end of the main building. It includes the art department, two drafting rooms, the art metals shop, an electrical radio shop, a machine shop, an auto mechanics shop, a woodshop, a driver education classroom, a visual aids room and several conference rooms.

A Powermatic planer in the woodshop is used to reduce the thickness of lumber. Its sawdust and shavings are carried overhead to an outside container by means of an exhaust system.

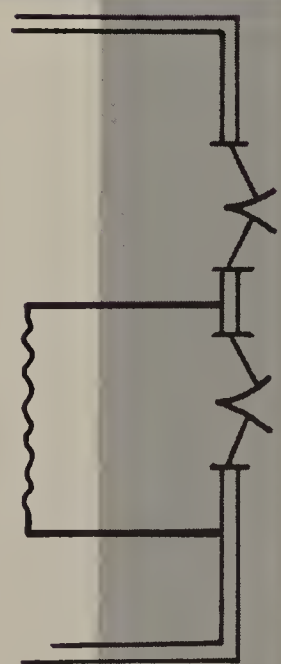

The art department teaches ceramics as well as painting and drawing. The ceramics division includes modeling and potters' wheels and an electric kiln.

Social Studies Include

History is something that changes every minute of every day because we, ourselves, are making it. In the social studies curriculum at Whitmer we have American history, the autobiography of our nation, and civics which teaches us the functions of our government and how we, as citizens, should practice good government. World history tells us about the past events of the world, while contemporary history pertains to the current events of our modern world.

Sociology deals with our society, its good effects, and its defects. The class members contribute all their views so that each person in the class can understand our living habits better.

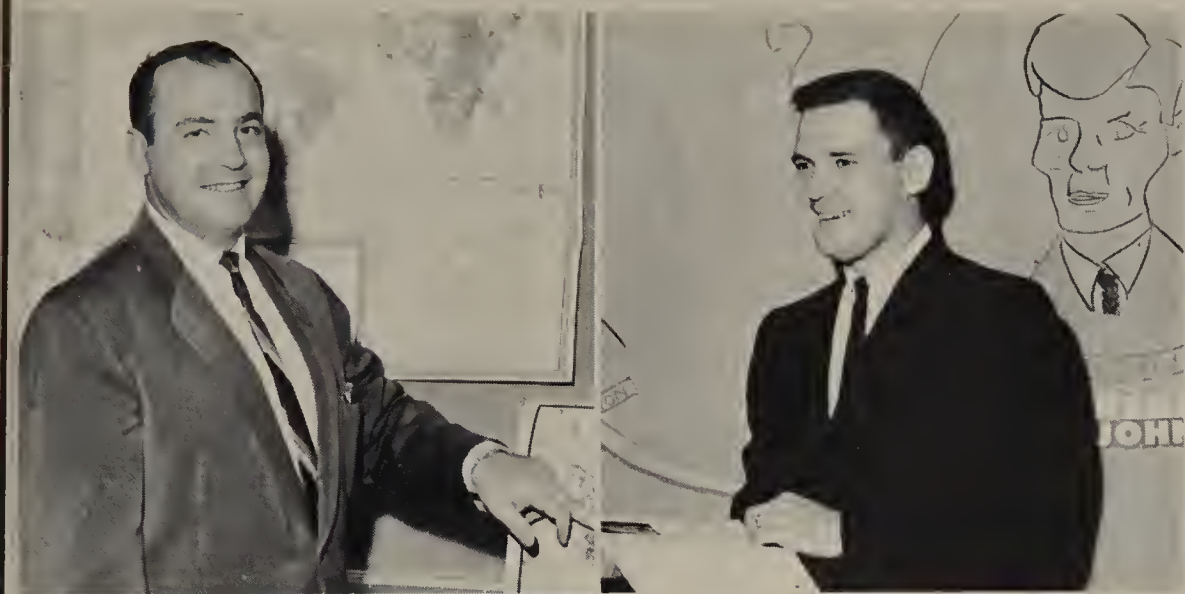

World geography, one of the newer courses taught at Whitmer, concerns itself with the geographic features of our country and their effects upon the agricultural and industrial development of our nation.

Mrs. Maryjayne Roenick, who graduated from the University of Toledo, teaches American history and American government and is one of the advisers of the senior class.

Mr. Arthur H. Rice, who received a Bachelor of Arts at Northland College and a Master of Education at the University of Toledo, teaches sociology and American history.

Mr. Frank Erme, who received his degrees from Findlay College and the University of Toledo, teaches contemporary and world history. In addition to being head basketball coach, he coaches the reserve baseball team and advises Varsity W.

Mr. Richard Thompson, who received his degree from the University of Toledo, teaches World and American history. He is adviser to the Junior Council on World Affairs.

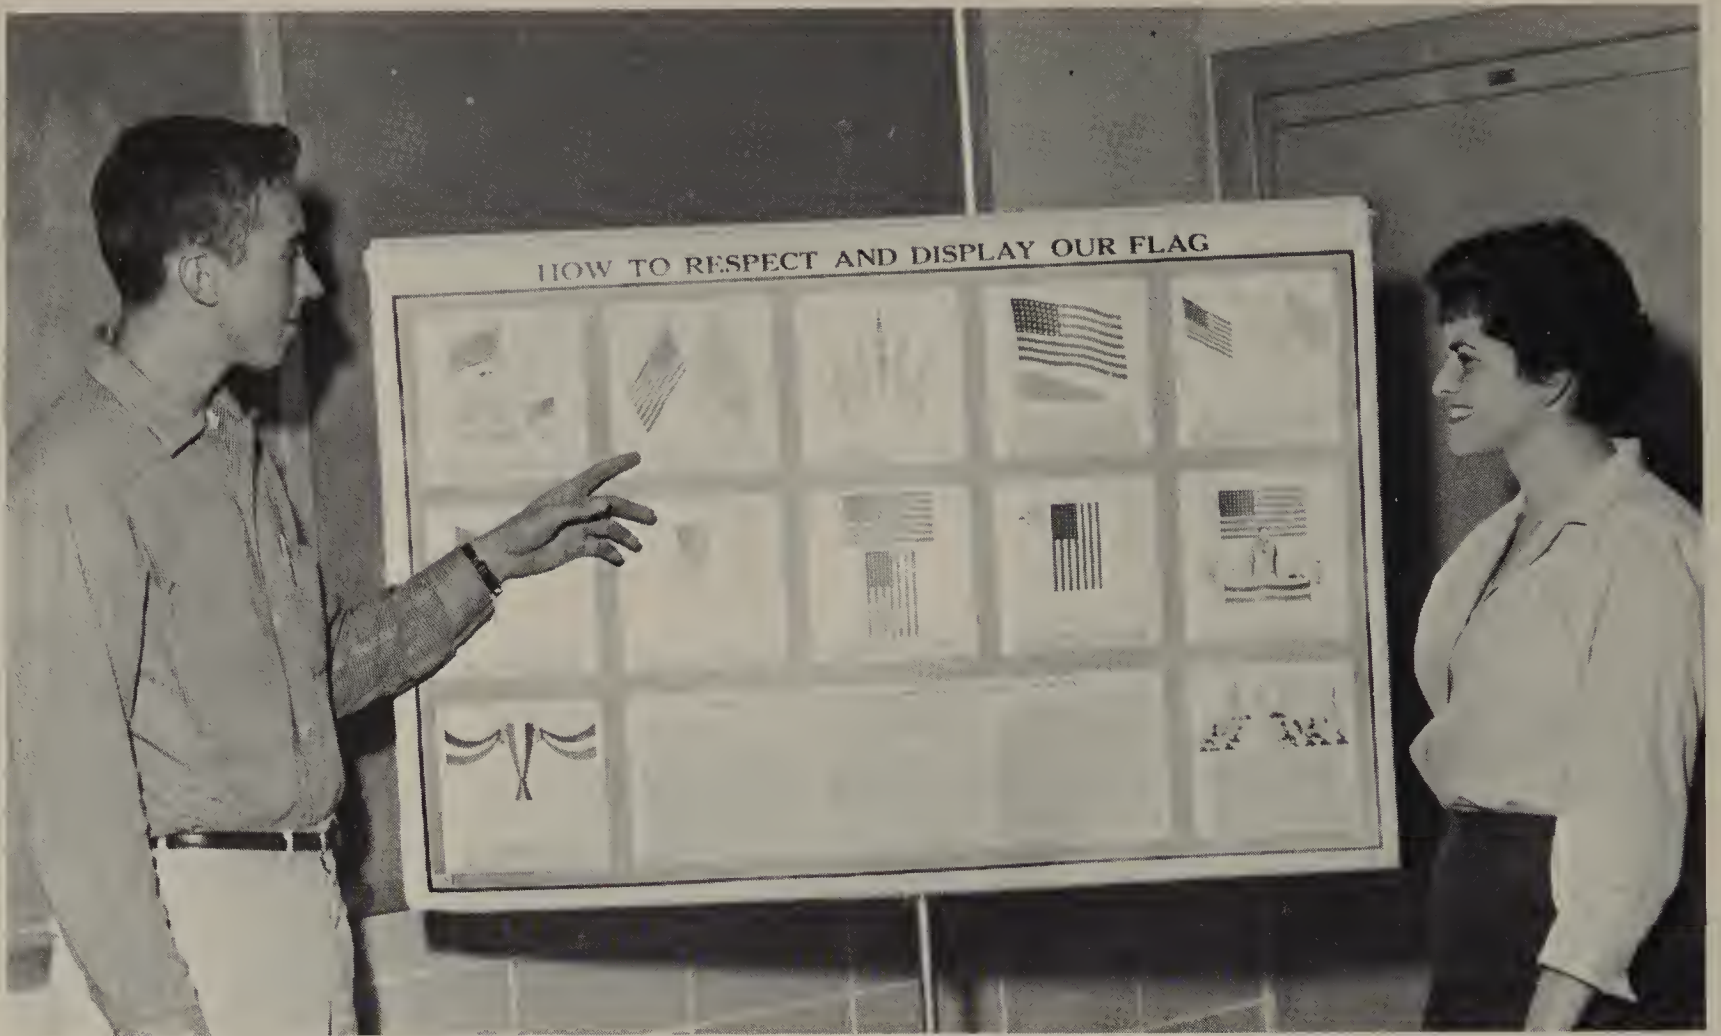

Mr. John Vergiels, a graduate of the University of Toledo, teaches World and American history. He is an assistant trainer in football.

History, Geography

Carolyn Cox and Ron Dix examine a Hawaiian pineapple in their study of the fifty states.

Don Arnold and Judy Vickre discover how to take good care of the American flag.

Sociology, Economics and Civics

Mr. Gerald W. Griesinger, who attended Muskingum College and the University of Toledo, teaches economics and American history. He coaches the reserve football team and advises Student Council and the Variety Show.

Mr. Stephen W. Kerlin, who teaches American history and civics, is a graduate of the University of Toledo. He is head football trainer and wrestling coach.

Mr. Donald Stacy received his two degrees from the University of Toledo and Bowling Green State University. He teaches physical education, coaches the baseball team, and directs the Whitmer circus.

Miss Anne Stacy, a graduate of the University of Michigan, teaches physical education and health and advises G.A.A.

Mr. James Mohn, who attended Central Michigan University and Eastern Michigan College, teaches physical education and health. He is the track coach and Hi-Y adviser.

Physical Education

The girls' gym classes started out this year by playing speed ball and hockey. These classic events were held in the newly-cleared field, referred to by some girls, as the "dust bowl." The boys played football and soccer until tumbling started. Both boys and girls took

tumbling, which is a highlight on the gym schedule. The acts learned in class are used in the circus in the spring. After the circus, spring finds everyone outside again playing baseball, enjoyed by girls and boys alike.

Marlene Taylor and Lynda Pool practice their skills in fencing.

Mike Rhonehouse reads his latest composition to Sherry Kohn for criticisms.

COMPOSITION

If the writing of essays comes hard to you, and you would like to learn some "pointers," or if you enjoy writing and would like to improve your style; then a course in composition and creative writing would be of benefit to you. Before you can write anything, you have to have a good knowledge of grammar. The first semester is spent in mastering the fundamental skills of grammar and practicing the writing of papers. The second semester is devoted primarily to the development of a style of one's own. The classes cultivate their own styles by studying famous authors' works and determining their styles.

English Includes

Mrs. Margaret Towe, chairman of the English department, teaches junior English, and is a graduate of the University of Toledo.

Miss Mary Jo Aufderheide, a graduate of Bowling Green State University, teaches junior English and is adviser to junior F.T.A.

Mrs. Elaine Shaw, who graduated from Bowling Green State University, teaches sophomore English and is the adviser to F.N.A.

Mrs. Louise Carney, who teaches senior English, is a junior class adviser. She attended the University of Toledo, Ohio State University, and Stanford University.

Mrs. Frances Kramer, adviser to the senior F.T.A., teaches sophomore and senior English, creative writing and composition. She attended Bowling Green State University, the University of Toledo, and Ohio State University.

ENGLISH

English is the key which will open any door for us. Without English we would be almost helpless, and one of the best ways to obtain a good vocabulary and understanding is reading. Our English classes spent a great deal of time reading some of the literary "greats." The seniors read such classics as *Hamlet*

and *Macbeth* plus many other outside readings. This helped them in preparation for college. The junior class started the year off with the reading of *Moby Dick* by Herman Melville while the sophomores read William Shakespeare's *Julius Caesar*.

Composition, Creative Writing —

Miss Carol Croft teaches junior English and advises the Bible Club. She is a graduate of Bowling Green State University.

Andy Pease, Stan Rudey, and Bob Blair dramatize *Julius Caesar*.

Fred White, Diane Turner, John Pratt, Barb Swope and Sherry Kohn prepare another issue of the newspaper.

Mrs. Linda Zellers, a graduate of Denison University, teaches sophomore English and journalism and advises the Flying W and Quill and Scroll.

Journalism and Speech

The "Flying W" is our newspaper which relates the weekly events of the school to its readers. The Oracle, the yearbook at Whitmer, is a picturebook account of each school year.

If you have a fear of speaking before crowds or trouble in expressing yourself, you should be taking speech. The classes have to give a series of speeches and are graded on content and the effectiveness of the speech. The presenting of these orations before classmates banishes fear and increases poise and personality. One of the speeches that is the most fun is the heckling speech. While the "Patrick Henrys" give their talks, the other members of the class try to distract them.

Sue Olson pantomimes a popular hillbilly tune.

Mrs. Helen Dennis, a graduate of Bowling Green State University, teaches sophomore English and journalism. She is adviser to the Oracle.

Miss Gaylene Hutchison, who graduated from the University of Toledo, teaches sophomore English and speech. She advises Thespians, Prince of Peace contestants, and coaches the senior play.

Harmon Meihls teaches instrumental music and directs the Whitmer band. He attended Ohio Northern University, University of Michigan, and the University of Toledo.

Clyde Brown, who graduated from Bowling Green State University, teaches vocal music to Whitmer's glee club and choir.

Students who know their "sharps" and "flats," are those taking a course in music at Whitmer. For those who follow the "blow Gabriel blow" principle, there is band where instrumental ability is developed. If

you feel you must express yourself by song, the choir will take care of your needs. Both organizations do a fine job of spreading music to the ears of the student body.

Music

Mathematics

Whitmer offers a complete course in mathematics, consisting of algebra, plane and solid geometry, and trigonometry. Plane and solid geometry deal with the many geometrical figures. Advanced algebra, concerning ratios and formulas, should be taken before trigonometry, which deals with solving unknown distances. The product of these courses, multiplied by the students equals a great "sum" of knowledge.

The class just has to get that last trig problem.

Mrs. Vivian Bertram, head of the mathematics department, teaches advanced algebra. She is a graduate of the University of Toledo.

Mrs. Vera Fontaine, a graduate of Northwestern University, teaches plane geometry. She is adviser to the Whitmer Honor Society.

Mary Helsel and Carole Refi try to find their own names in shorthand on the pumpkin faces.

Business Includes

Shorthand

As the old saying goes, "It was Greek to me." Those who do not take shorthand might murmur this phrase after studying a page of shorthand. But for those Whitmerites who take shorthand and can "crack the code" the short strokes which make up

this "short-cut" in writing, mean a lot. In class they have timed writings to test their ability to write while someone dictates to them. For those who can "scribble" 80 words or more per minute, a certificate is awarded.

Mr. Edwin Knepper, head of the business department, teaches business machines and business arithmetic. He attended Bowling Green State University, Ohio University, and the University of Toledo.

Mrs. Barbara Lafayette, who received her degree from the University of Toledo, teaches typing and business arithmetic. She is a sophomore class adviser as well as F.B.L.A. adviser.

Miss Normajean Thompson, a graduate of Hillsdale College, teaches general business and office practice. She is adviser to the cheerleaders and choreographer for the Variety Show.

Typing

This new school of ours is infected with woodpeckers! Every time you go by their nests they start pecking away and . . . but wait. I'm wrong! I should have known! It's the typing classes punching out a letter! When they aren't typing, the students are taught the parts of the machine and how to operate it accurately. Woodpeckers! Bah!

Office Practice

Office practice is an advanced typing course which stresses other office duties such as filing and reception work. In preparing themselves for the business world our "Ann Southernns" are trained in secretarial work as well as stenographic duties.

Bookkeeping

Whitmer's "bookies" are taught the art of stretching the dollar as well as keeping financial records and daily transactions. The classes also receive instruction in accounting and budgeting.

Joanne Morrow practices on the bookkeeping machine as Sarajane Foster looks on.

Mrs. Virginia Baker, who received her two degrees from the University of Toledo, teaches bookkeeping and typing. She advises Senior Y-Teens.

Mrs. Pat Lindeman, a graduate of the University of Toledo, teaches shorthand and business law. She is adviser to the Whitmer Pep Club.

Miss Sue Hartman, who received her two degrees from Bowling Green State University, teaches shorthand and office practice. She is adviser to Junior Y-Teens.

Mrs. Mona Jane Milne, a graduate of the University of Toledo, teaches typing, office practice, and business English. She is in charge of the school book store.

Mr. Norman Hunter, who heads the science department, teaches chemistry and algebra. He graduated from the University of Toledo.

Mr. David Beck teaches biology, is a junior class adviser, and is audio-visual director at Whitmer. He attended Bowling Green State University.

Mr. Richard McLeod, who advises the Jets, teaches physics and mathematics. He attended Purdue and the University of Toledo.

Science Includes

PHYSICS

Physics, the study of force and energy and its effect on matter, is a popular course for the young "mad scientist." With so much emphasis on nuclear warfare, this is one course in which everyone should be interested. The energy of horsepower and the motion of molecules are two of the topics covered.

BIOLOGY

Biology, sometimes referred to by students as "bug-ology," is divided into two courses. There is practical biology for those students who want a general knowledge of the science, and the college preparatory course, which gives a more detailed and comprehensive view of biology. Both courses consist of microscope studies, dissection, and text book work. Each spring, the students prepare projects for the Bowling Green State University Science Fair.

Art Miller studies the elasticity of the common spring.

Sharon Osterman waters the plants in the greenhouse while Jim Umlauf starts to cultivate the dirt.

Mel Foels and Charlene Manns give "our friend" a physical check up.

Physics, Biology, Physiology and Chemistry

PHYSIOLOGY

There are 200 bones in the human body. Did you know that fact? The physiology students know this and much more after they have completed the course offered at Whitmer. What could be more important than knowing that our muscles give our bodies motion? To understand the several systems more clearly, the classes dissect cats. Of course, Oscar, the physiology skeleton, was on hand to help the students "bone-up."

CHEMISTRY

"Double, Bubble, Toil and Trouble." Going by the chemistry lab on certain days makes everyone wonder if some witches aren't brewing a potion, when really it's only the students performing an experiment. The principles of chemistry are taught in the lecture periods, and then the students proceed to practice these fundamentals in the laboratory. Maybe one of Whitmer's chemists will concoct the valuable solution which will be used in the future for rocket fuel.

Mrs. Esther Kalmbach, adviser to the National Forensic League and Debate Club, teaches chemistry, solid geometry, trigonometry, and advanced algebra. She received her two degrees from Ohio State University and the University of Toledo.

Miss Lillian Steiner, who teaches biology, is the Biology club adviser. She received degrees from Bluffton College, Ohio State University, and Sacramento State College.

Mr. David Feindt, audio-visual director for Washington Township, attended the University of Toledo. He teaches physiology and practical biology.

In Rome Joanne Wade and Cathy Burton say, "Fac ut Romani faciunt." (Do as the Romans do.)

Mr. Donald Bahna, who teaches Latin, is head of the foreign language department and adviser of Classical Honor Society. He attended the University of Toledo.

Foreign Language Includes

LATIN

"Friends, Romans, and countrymen lend me your ears." I come to praise Latin, not to bury it, even though it is a "dead" language! But there is nothing dead about the interesting classes at Whitmer. The first year students study grammar and vocabulary, and the second, third, and fourth year students put this knowledge to work by translating Caesar's *Gallic Wars* and other famous Roman works.

FRENCH

What is this? The French classes spend all their time playing bingo? Well, it's true! This is the clever way the French students learn their numbers. In addition to this, they have grammar drills, vocabulary exercises, and the ever-present tests. To gain practice in speaking the French language, the students compose skits and perform them for the class.

Barth Greenberg asks Sue Elson: ¿Quiere Ud. ir a la corrida de toros conmigo? (Do you want to go to the bull fight with me?)

Cheryl Taylor says to Larry Hansen and Sue Roth, "Et vous, monsieur? Que desirez-vous? (And you sir? What do you want?)"

Latin, Spanish and French

SPANISH

¿Habla usted Español? Can you speak Spanish? If you can't, then you'd better "get into the swing of things." The Spanish language is becoming one of the most important foreign languages, due to the growing importance of our relationships with our La-

tin American neighbors. When the students are through with the course, they have the ability to speak Spanish as well as write it. They tell me that they even *sing* in Spanish!

Mr. Leonard Kreinbrink, who teaches French and junior English, is the French club adviser. He attended l 'Universit 'd' Ottawa and the University of Toledo.

Miss Janet Zucker, who attended the University of Toledo, teaches Spanish and is the Spanish club adviser.

Mr. John Dillon, adviser for Junior Classical League and the bowling teams, teaches Latin and American history. He attended DeSales College.

Mr. Ralph Pritts, who is the athletic director and head of Industrial Arts Department, teaches mechanical drawing and received his two degrees from Ohio State University.

Mechanical drawing students strive for accuracy and perfection in their work.

Drawing

To develop the power of visualization and to strengthen the constructive imagination, are two of the objectives our mechanical drawing classes hope to obtain. This course is important to those who expect to go into any branch of technical designing or manufacturing.

Richard Stanley points out the mechanics of the car to Betty Bridges.

Driving

Stop, Look, and Listen! What you are about to hear should be heeded! Whitmerites, "U turn" into a good driver, by taking the driving course offered at Whitmer. The students also visit a session of the local traffic court to impress the need for safety and courtesy on the highway.

Mr. John Hersland, who received his two degrees from Bowling Green State University, teaches driver training and is co-adviser of Senior Hi-Y.

Mr. Paul Slovak, who attended Bowling Green State University, teaches fine arts and is the art director for the junior and senior plays and the variety show.

Art

The art classes at Whitmer make up the most versatile department of all. In their show case you'll see anything from a two-headed, pink monster to a pastoral scene. This is what happens when students draw what they want to draw. Usually they design posters for school events, lettering, and sketches.

Pam Smith and Steve Horvath put their creations into the kiln to be fired.

Home Economics

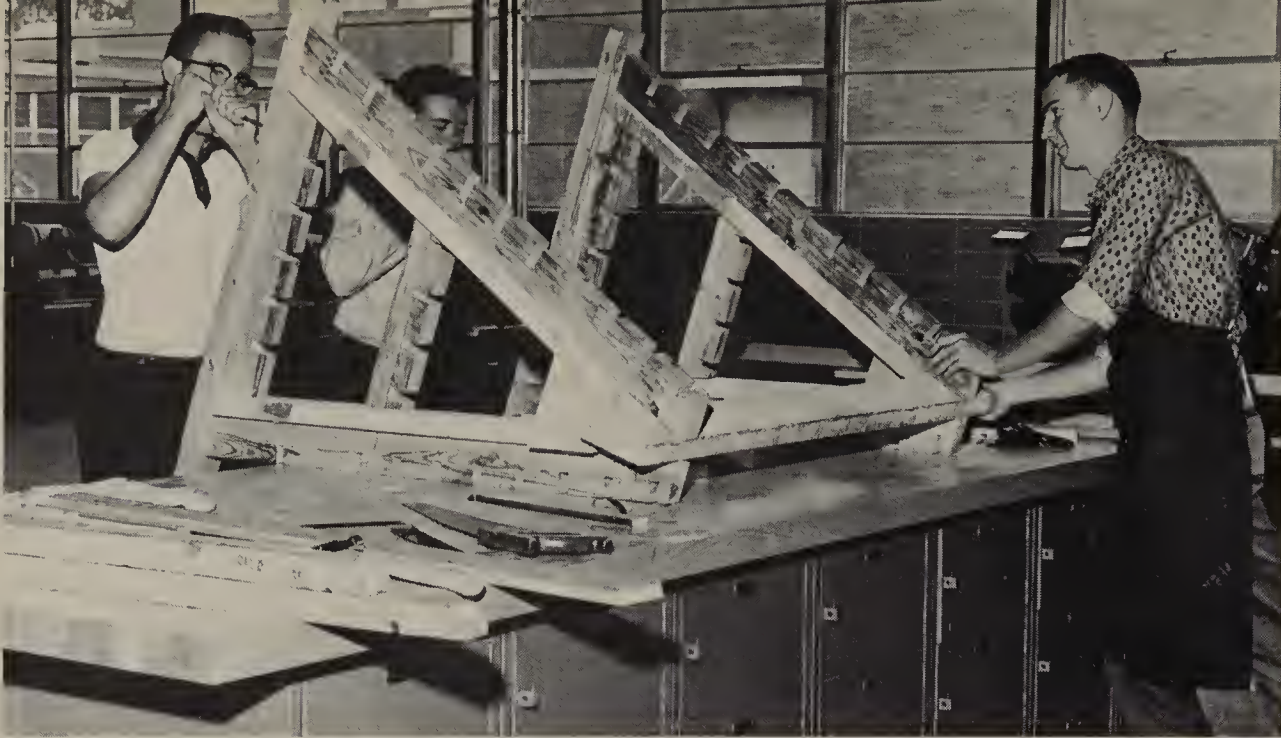

What is a better way to teach about the home than in a home itself? The home economics classes learn their "good housekeeping" in the authentic atmosphere of our model house. The girls enjoy the class so much more when working in such pleasant surroundings.

Norma Styer and Carolyn Smith set up a seasonal display case for Home Arts.

Miss Frances Kern attended the University of Toledo, Bowling Green State University and Columbia University Teachers College. She teaches homemaking and is F.H.A. adviser.

Jack Stackhouse, Craig Coffman, and Fred Pease take pride in assembling their projects in wood shop.

Don Richardson uses his welding skills.

Industrial Arts

WOODWORKING

The general aim of the woodworking classes is to increase an appreciation for good craftsmanship and design, to encourage creative expression in terms of industrial materials, to stimulate critical thinking, and to develop safe working practices.

ART METALS

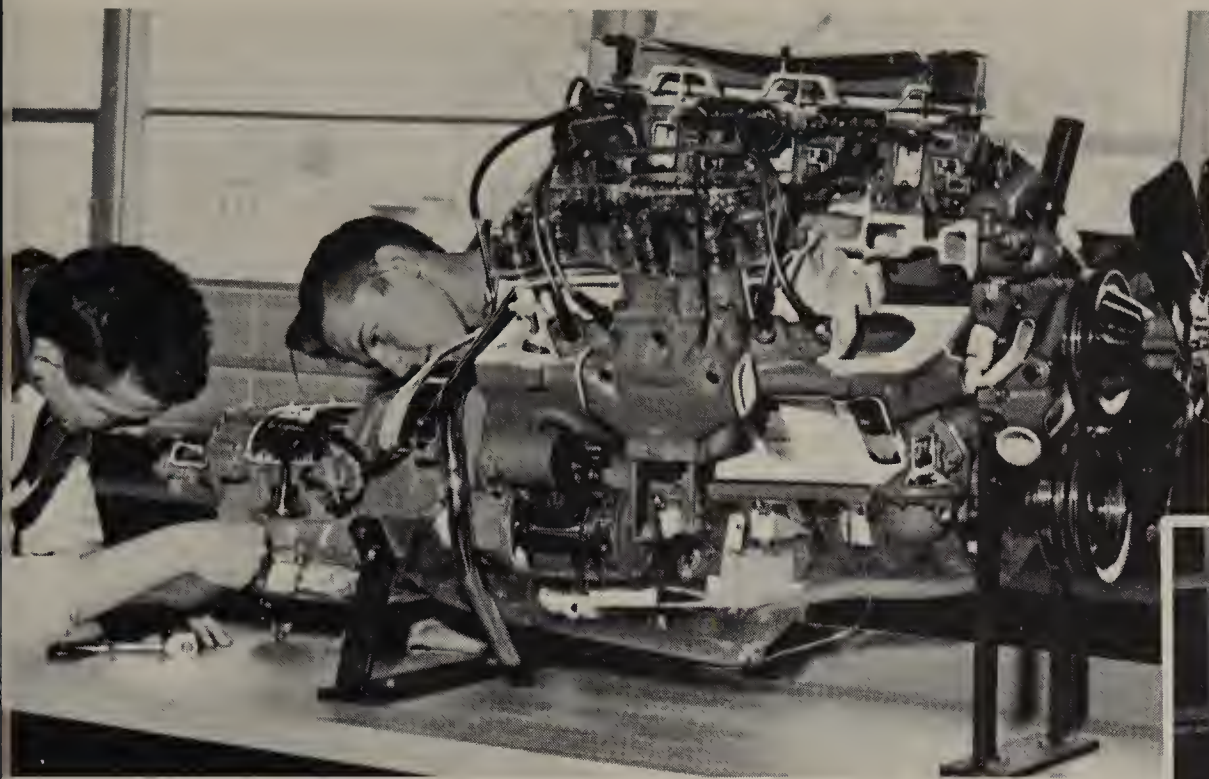

The general objective of the art metal class is to give the boys of Whitmer High School the opportunity to acquaint themselves with the broad field of metal working as it is found in the working world of today. The boys become acquainted with electric and gas welding and learn to use the hand tools of the trade.

Mr. Delvin Johnson teaches woodworking and is a senior class adviser. He attended Ohio State University, Denison University, and Miami State University.

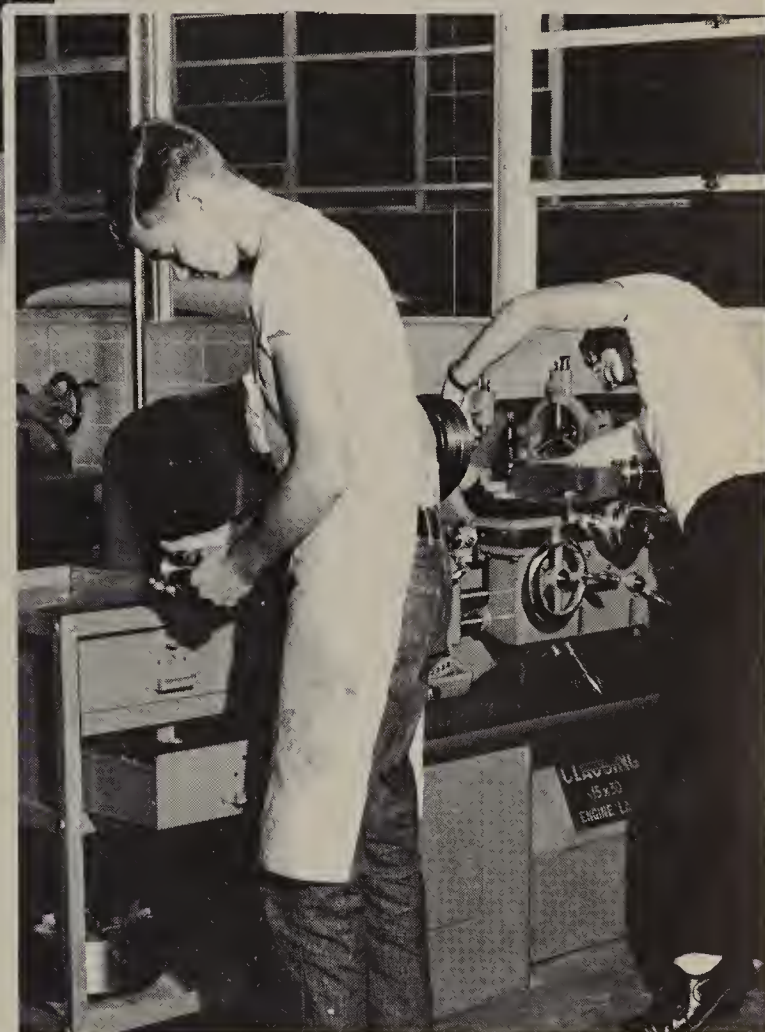

Mr. David Whiteaker, who teaches shop math and art metals, attended Purdue University. He advises the junior Hi-Y.

Larry Young & Jim Marquardt make some adjustments on the new General Motors engine.

Joe Wnorowski and Larry Walker adjust the lathe before using it.

Trade & Industrial Education

AUTO MECHANICS

The general aim of the automotive mechanics department is to provide specific knowledge of processes, materials and tools, to instill proper work habits, and to prepare the student for gainful employment in his chosen vocation. In this shop the boys learn to change the oil, repair the carburetor, and to keep the autos in "tip-top" shape.

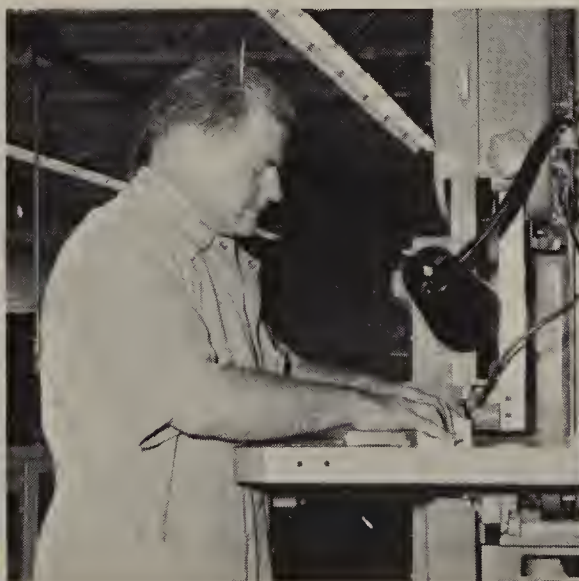

MACHINE SHOP

The basic intent of the trade and industrial machine shop is to teach the skills and operations involved in a job, not just how to complete a given project. Related science or trade theory is taught along with the practical information offered in the machine shop.

Mr. Marion Abel, who attended the University of Toledo, teaches vocational automotive mechanics and related science and advises the V.I.C.

Mr. Thad Speier, who teaches trade and industrial education, attended the University of Toledo, Ohio State University, and the University of Illinois. He also advises V.I.C.

Mr. Harry Graves, who attended the University of Toledo, advises the V.I.C. and the sophomore class. He teaches trade and industrial education.

E. Kreps, E. Nicely, B. Davis, W. Weaver, M. Holub, L. Keeler, P. Henry, M. Selter, J. Raitz, J. Dubendorfer, D. Hinkle, L. French, L. Starkey.

School Helpers

How would you like to clean approximately one-hundred rooms? That is quite a bit of house cleaning! Our maintenance crew does this everyday and considers it "all in a day's work." Thanks to our "Mr. and Mrs. Cleans" our school is kept spotless. And do you think you could prepare a noontime snack for 1250 students? Every day the cafeteria workers "cook up" delicious well-balanced meals which everyone enjoys eating. Here's to our "Kitchen Katies," who keep the kitchen spic and span.

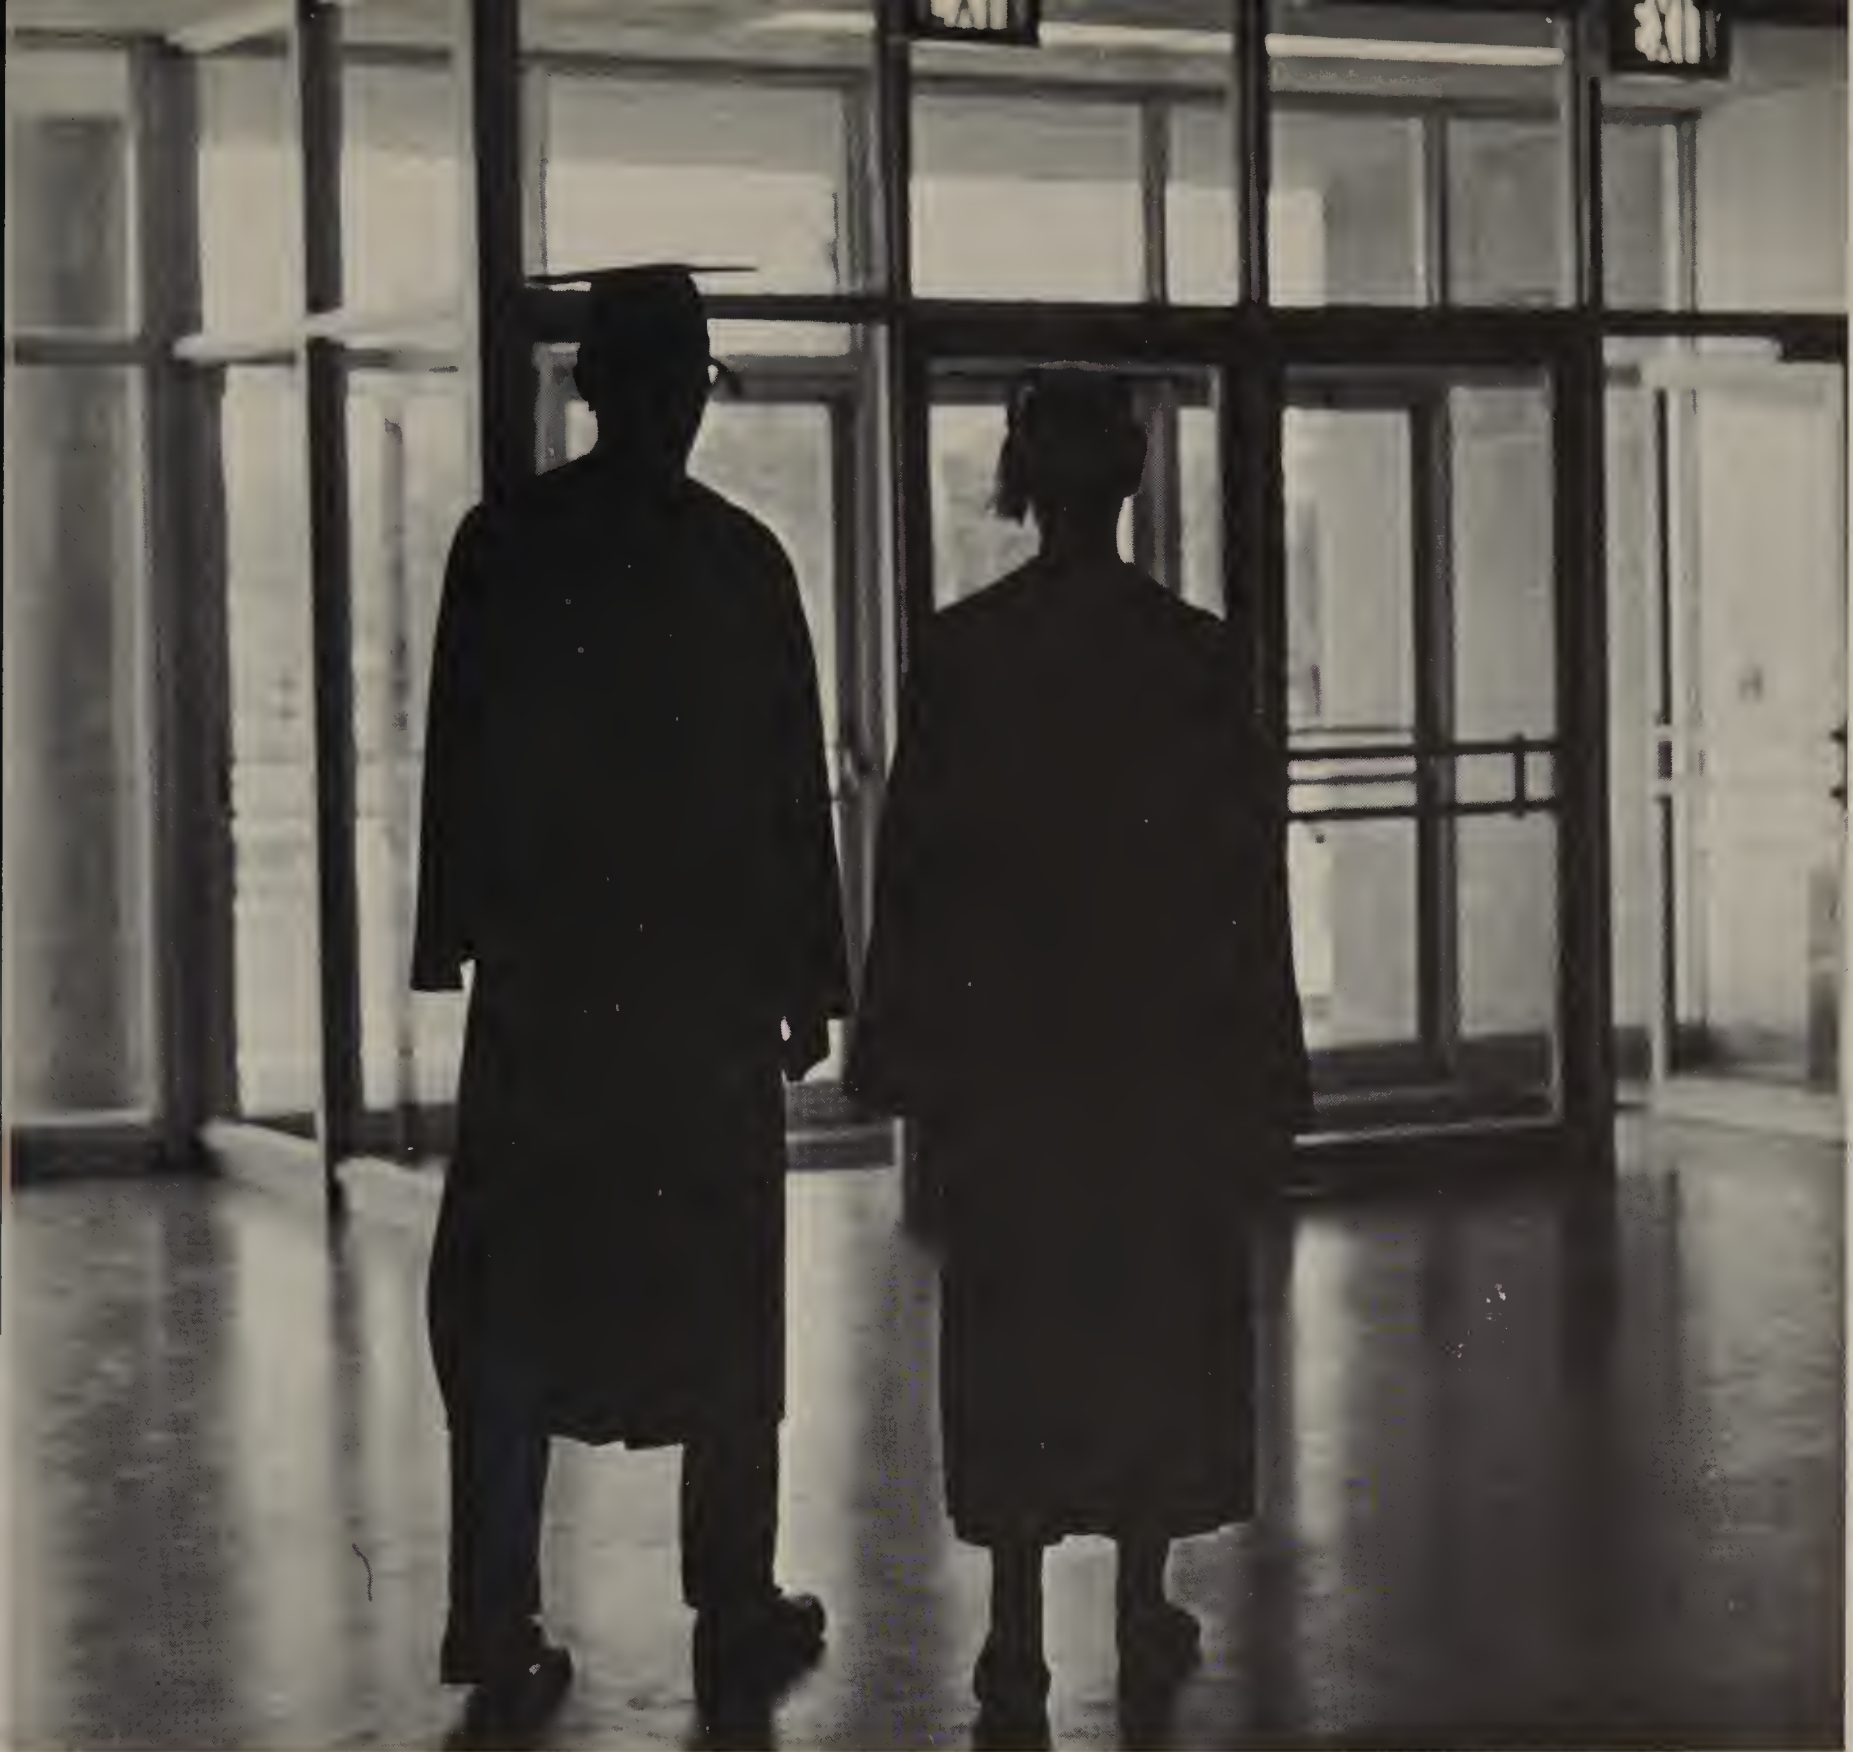

M. Gause and M. Lehsten.

Student Life

Betsy Wilson, Judy Marlett, Martha Kirchenbauer, Lois Wilhelm and Joanne Wade practice their speeches before the final performance.

Prince of Peace

Joanne Wade
Betsy Wilson

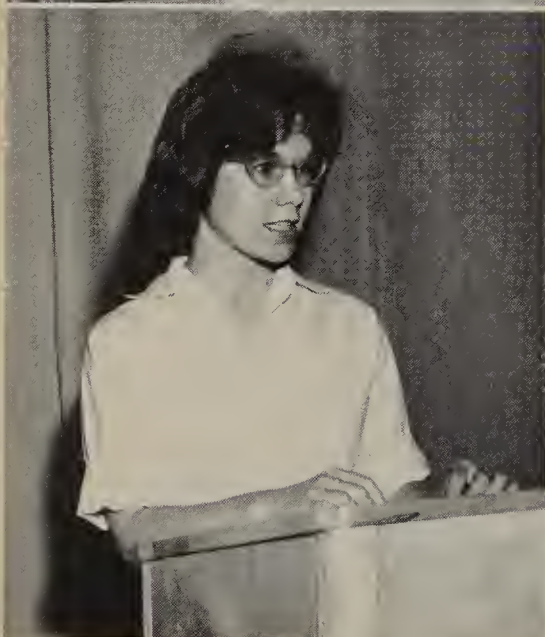

The Prince of Peace Contest is open each year to those students who take speech. Entrants may write their own speeches or memorize printed oratories. Those who win in the local contest have the right to go on to the area and state competition. This year the local contest was held in the Whitmer auditorium. Martha Kirchenbauer, who wrote her own speech entitled "How Beautiful Upon the Mountain," placed first and Lois Wilhelm was second.

Judy Marlett

Judy Griggs, Lee Ekleberry and Gary Dubendorfer assumed custodial duties for the day.

Student Government Day

Student Government Day, an annual event at Whitmer, is the day when the students "take over" and run the school themselves. On this day, Sue Day acted as principal, with Martha Kirchenbauer as assistant principal. The deans for the day were Karen Harp and Gene Ward with Sarajane Foster and Art Miller as guidance counselors. Last but not least were our custodians Judy Griggs, Gary Dubendorfer and Lee Ekleberry while the members of F.T.A. became the teachers for the day.

Gene Ward and Karen Harp take over the duties of the counselors.

Flying W

When you wander into Room 224, you will inevitably smell printers' ink and hear typewriters ticking. Our paper, the *Flying W*, is the carrier that transmits everything from gossip to big social events. The newspaper comes out bi-weekly and so the staff is kept on its toes, collecting and formulating the news of the school. There are no "extras" for everyone reads the *Flying W*.

Oracle

Your Oracle staff is the group which puts your yearbook together. The staff's main aim is to tell the events of each school year in picture fashion. The students learn how to draw layouts, write copy, and to perform "the skills of the trade." The end result is a yearbook which is filled from cover to cover with memories for all.

It took lots of work.

Attention! Ladies and Gentlemen, and youngsters from the ages of 6 to 60! Whitmer High School proudly presents its 25th annual Whitmer Circus with everything from tumbling to giant ladder acts. For the kiddies there are clowns and parading animals. So settle back in your seats for the thrill of a life-time and don't miss a fun-packed minute of it! And now presenting our ringmaster, Mr. Donald Stacy, who has guided our acts and helped us to make this circus our biggest and best yet. But let's get on with the show!!

In the first ring we see the all-girl pyramid act with more than 400 girls performing at once.

In the center ring we have the coed tumbling act, a

series of two man activities done by pairs (one boy and one girl).

Following these acts will be a demonstration of tumbling skills, the two-man activities, the trampoline stunts, and many more. One of the favorite features of our circus is the inter-class relays, which the Junior class won last year.

Then to top off an evening filled with thrills we have the ladder act. Two ladders leaning against each other are held in place by an anchor man. The next step is to have people perform on these two ladders, far above the big-top ring.

Well, we hope you had fun tonight and that we will see you at our 26th circus.

Here come the animals.

The Little Dog Laughed

The junior class production was a lighthearted comedy which left the audience holding its sides. The key which opened the door to success for the play was the fact that the plot was so "down to earth"

and the happenings were things that undoubtedly have happened to you. The slapstick antics of the cast, plus the performance of the little white dog, assured the show of a complete success.

Charlene Manns puts eyebrow pencil on Mike Rhonehouse.

Bob Gorrell gives the call of the mongoose as Karol Lindemann and Joanne Wade look on in astonishment.

"Charmed I'm sure," says Ron Howard as he kisses the hand of Karen Ruddy. Annette Nofziger, the maid, and Mike Rhonehouse watch the touching scene.

Miss Hutchison, Terry Raczko, Jean Bjork & Bettina Marnet were "the people behind the scenes" at *Sabrina Fair*.

Sabrina Fair

The senior class production was a moving story about a chauffeur's daughter and her attempts to "make good" in the eyes of the rich people for whom her father worked. It was very well done and the scenery was so life-like, you could almost reach out and touch it. All who saw it, had nothing but praise to bestow upon it.

1960 Homecoming

This year's candidates for homecoming queen, selected by the varsity football players, were Judy Cousino, Kay Grimes, Darlene Glowacki, Dawn Kasch, Diane Morrette, Brigitte Rother, and Diane Turner. The 1961 Homecoming Queen, Kay Grimes, was crowned during an impressive half-time ceremony.

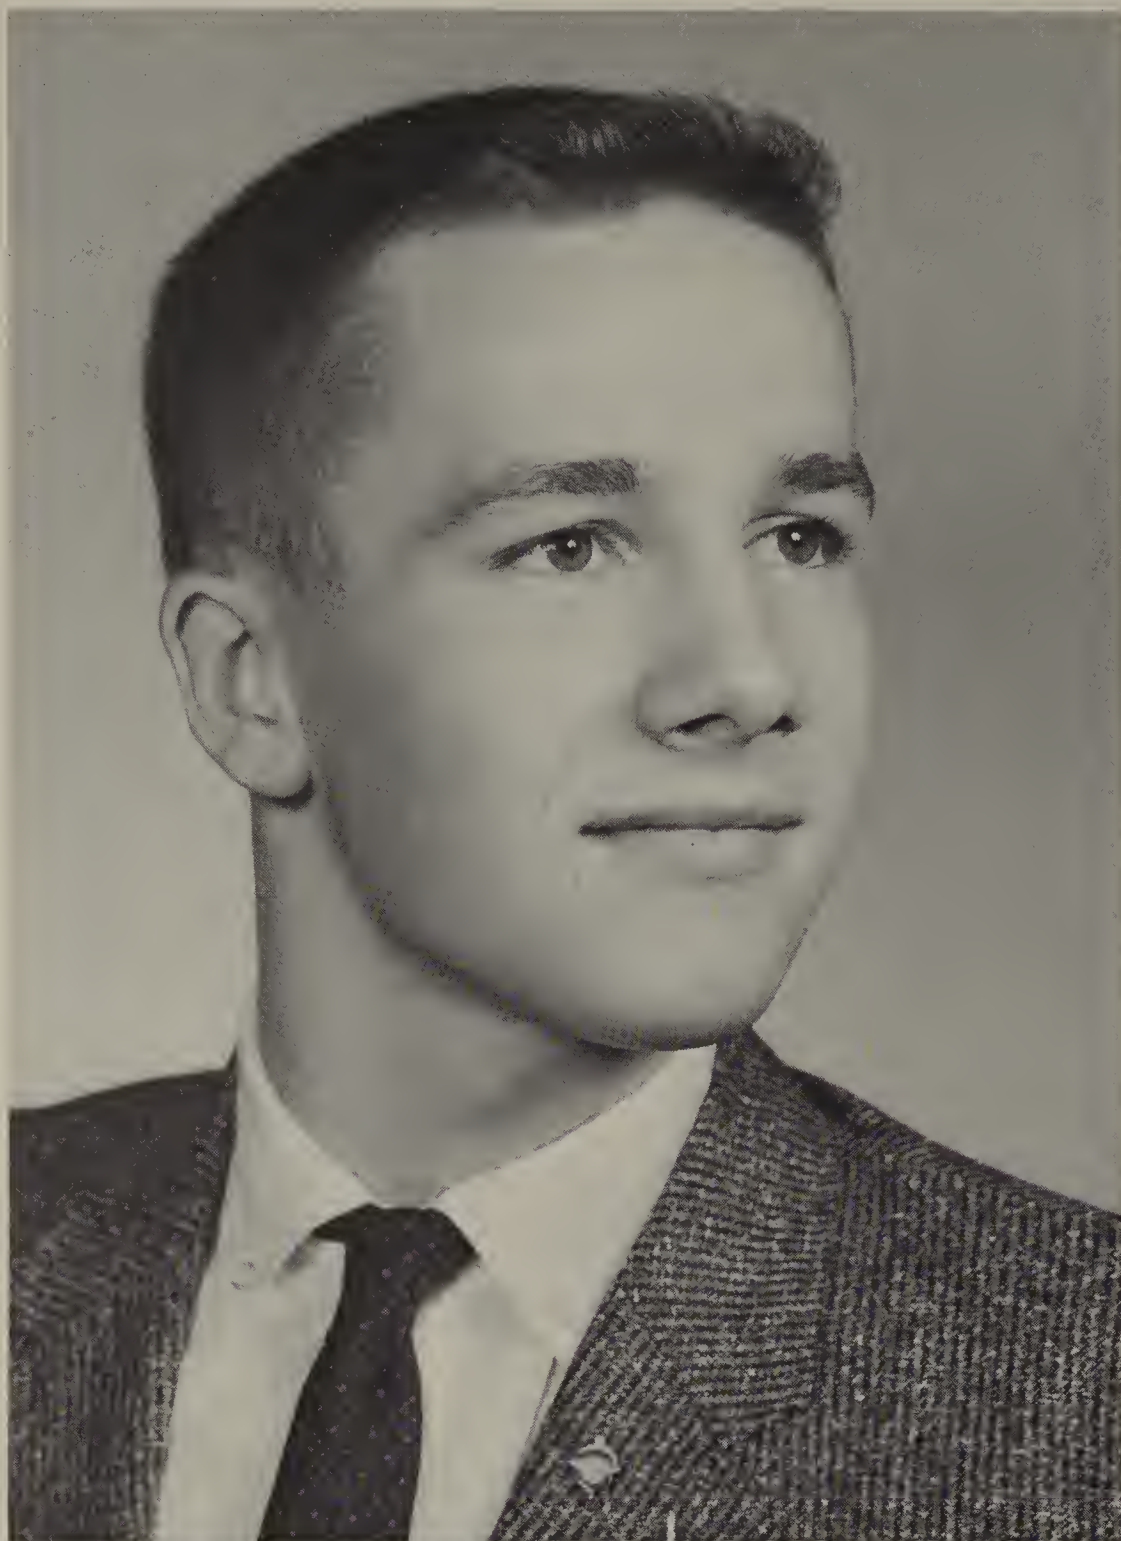

To top off the night of excitement, our championship team beat Fostoria 28—6. Saturday night, the queen and her court reigned at the Royalty Ball, which was held in the school cafeteria.

Swinging High

No laziness, no excuses, no nervousness are supposed to result from the plan.

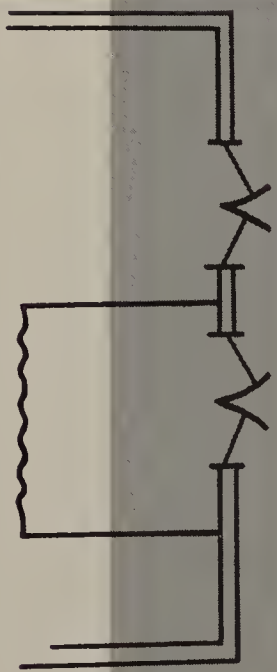

Our first year at our new school found us presenting another "first," a musical production entitled "Swinging High." The show, under the direction of Miss Normajean Thompson, was a comedy with the action centered about the true-to-life happenings of a typical high school. The show was a great success and the catchy melodies are still being hummed by the students.

Our varsity cheerleaders lead a rousing cheer during an exciting basketball game in the field house.

Top: Kay Grimes, Judy Cousino, Judy Pieron, Dawn Kasch. Bottom: Carole Refi, Cheryl Taylor, Ellen Matzinger.

The Whitmer varsity cheerleaders are composed of seven junior and senior girls. The term is for one year only. They cheer for all football and basketball games, are honorary members of Pep Club, and plan pep sessions. They practice twice a week during the school year and once a week in the summer. Their purpose is to promote and instill school spirit among Whitmer High School students and friends. Try outs

for varsity cheerleading are held near the end of second semester. To be chosen as a varsity cheerleader is truly an honor and one respected by everyone.

The Whitmer reserve cheerleading squad is composed of four sophomore girls, who are chosen at the end of football season. They cheer for the reserve basketball team only and help plan pep sessions. Reserves practice three times a week. Their purpose is the same as varsity cheerleaders.

Candy McClure, Pat Kaiser, Connie Laney, and Cheryl Crockett as reserve cheerleaders cheer the reserve team on to victory.

Football has been played at Whitmer for approximately 34 years and each season has been an exciting one.

This year's battle with Clay for the "Little Brown Jug" proved to be one of the best games of the season. Since it was our first league game, a lot depended on our team. The Panthers wanted the Brown Jug and they wanted their first league game to end in a victory. When the final gun was heard, the Panthers were on top with a 10—0 victory.

The team was fairly light and not as experienced as last year's gridiron eleven. But once the boys got out on the field and faced a few teams, they acquired the certain knack it takes to make a championship team.

With this key they opened the door that led Whitmer into the winning ranks for the second straight year.

Varsity Basketball

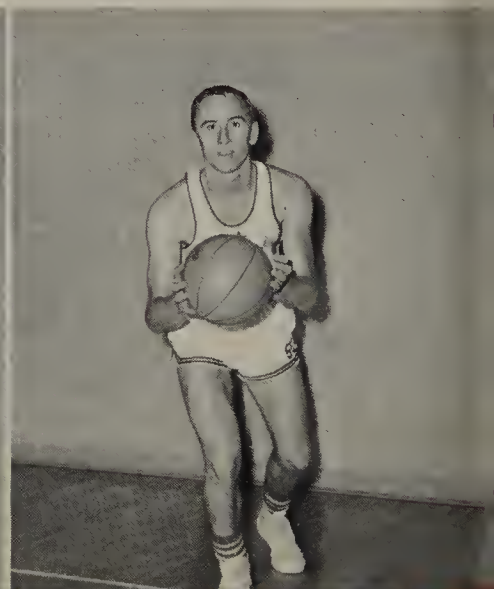

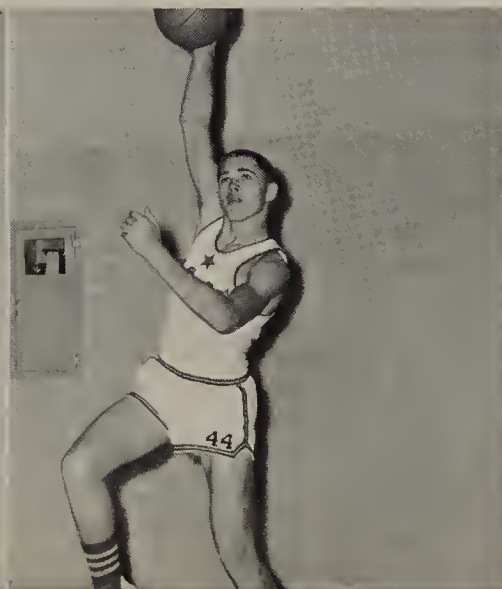

The Panthers entered the basketball season with predictions of rebuilding a team. Because of a losing team last year, it seemed doubtful that we would do any better this year. Our cage team, under the fine coaching of Frank Erme, really had some surprises up its sleeve. For as the season progressed, they beat such teams as Rogers, Clay, and even 5th rated Ottawa Hills. The thrills continued right "up to the wire." The last game, with Fostoria, was to decide the championship, and in the end it was Whitmer on top with an undisputed title! Yea Champs!

Bowling

Whitmer's bowling teams, the Americans and the Nationals, have had a very successful season. Successfully coaching the boys is Mr. John Dillon. The teams

play in a league consisting mostly of city schools. Our bowlers did a good job of "burning the hardwood." Keep the ball rolling, fellows!

Varsity Baseball

Bunt that ball, Doug!

Jim Kizer tags John Szczepanik.

The 1960 varsity baseball season was an outstanding one. The Panthers slid into the league championship after an easy victory over Bedford. We're proud to say that Bill Gembus, a graduate of last year, and Dale Moxley, a senior, each pitched a no-hit, no-run game for Whitmer.

Mr. Don Stacy, our excellent coach, commented that in his thirty years of coaching, this was the first year he had ever been thrown into the showers.

Our reserve "sandlotters" were coached by Mr. Erme. We are counting on these boys to help us win the championship next year.

Keep your eye on the ball, Bob.

Track

Under the fine coaching ability of Mr. Robert Conroy and assistant coach Mr. Bahna, Whitmer's track team paced to its second consecutive track championship. Sportsmanship, fair play, and good citizenship as well as athletic ability were taught to all of Mr. Conroy's teams.

The most important meet of the year was with the Roger's Rams. Before entering the meet both teams were undefeated, but after it was all over, it was the Whitmer Panthers who stayed in the unbeaten ranks with a 59½ to 58½ decision.

Our trackmen broke the following records:

Fore! The Whitmer golfers were not to be taken too lightly for they made a big impression on the fairways under their fine coach, Mr. Hersland. Through their hard driving and straight putting they defeated many of their worthy opponents.

A few of our low men this season were Bill Schaub, Alan Shaw, and Bill Schilling. They, along with the rest of the boys, took their toll of divots, lost balls, and blasting, while on the course.

Dale Crow

The Dale Crow Memorial Trophy is awarded annually to an outstanding student and athlete. Dale Crow was a leader among students during his school days at Whitmer High. After an active career at the University of Toledo, he returned to Whitmer to teach. When World War II broke out, he joined the Navy to defend his country. Dale lost his life in a mission over Wake Island.

The 1960 recipient of the Dale Crow Memorial Award was Bill Regnier. Bill was president of his junior and senior classes, co-captain of the football team, a member of the student court, Honor Society, and Student Council, while he was a student at Whitmer. Now enrolled at Findlay College, he is a member of the varsity football team, and he is only a freshman! By the looks of things his college career will be as successful as his high school one. Bill received a trophy and his name was placed on the large trophy kept at Whitmer.

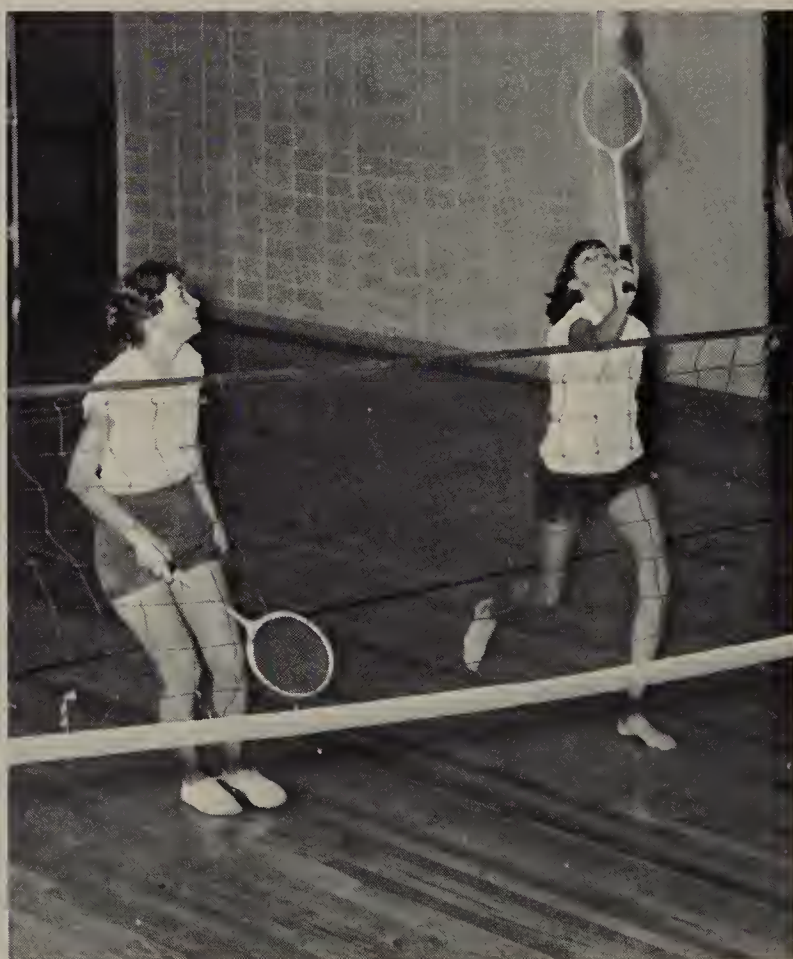

Kathy Grimes spikes the ball as Judy Pieron and Linda Pelton look on.

Girls' Sports

The Girls' Athletic Association, under the supervision of Miss Anne Stacy, has progressed greatly since last year. The girls now can participate in sports all year round where before just certain sports were available. In the fall and winter months we have hockey, basketball, fencing, ping-pong, bowling, and shuffle-

board. The girls took part in a Play Day at Clay. During the day's events they beat both Anthony Wayne and Lake High Schools in hockey. During the spring months archery, softball, and track are played. This schedule would keep any sports minded girl on her toes.

Whitmer Band

The Whitmer marching and concert bands are voluntary co-operative organizations composed of students who have studied a particular instrument and have attained a certain proficiency on this instrument to permit eligibility for membership. The philosophy of the bands, besides increasing sensitivity to beauty and creative interest, is to develop character through co-operative effort, self-control, patience, attention to details, a desire for accuracy, and the ability to take criticism.

Honor Society

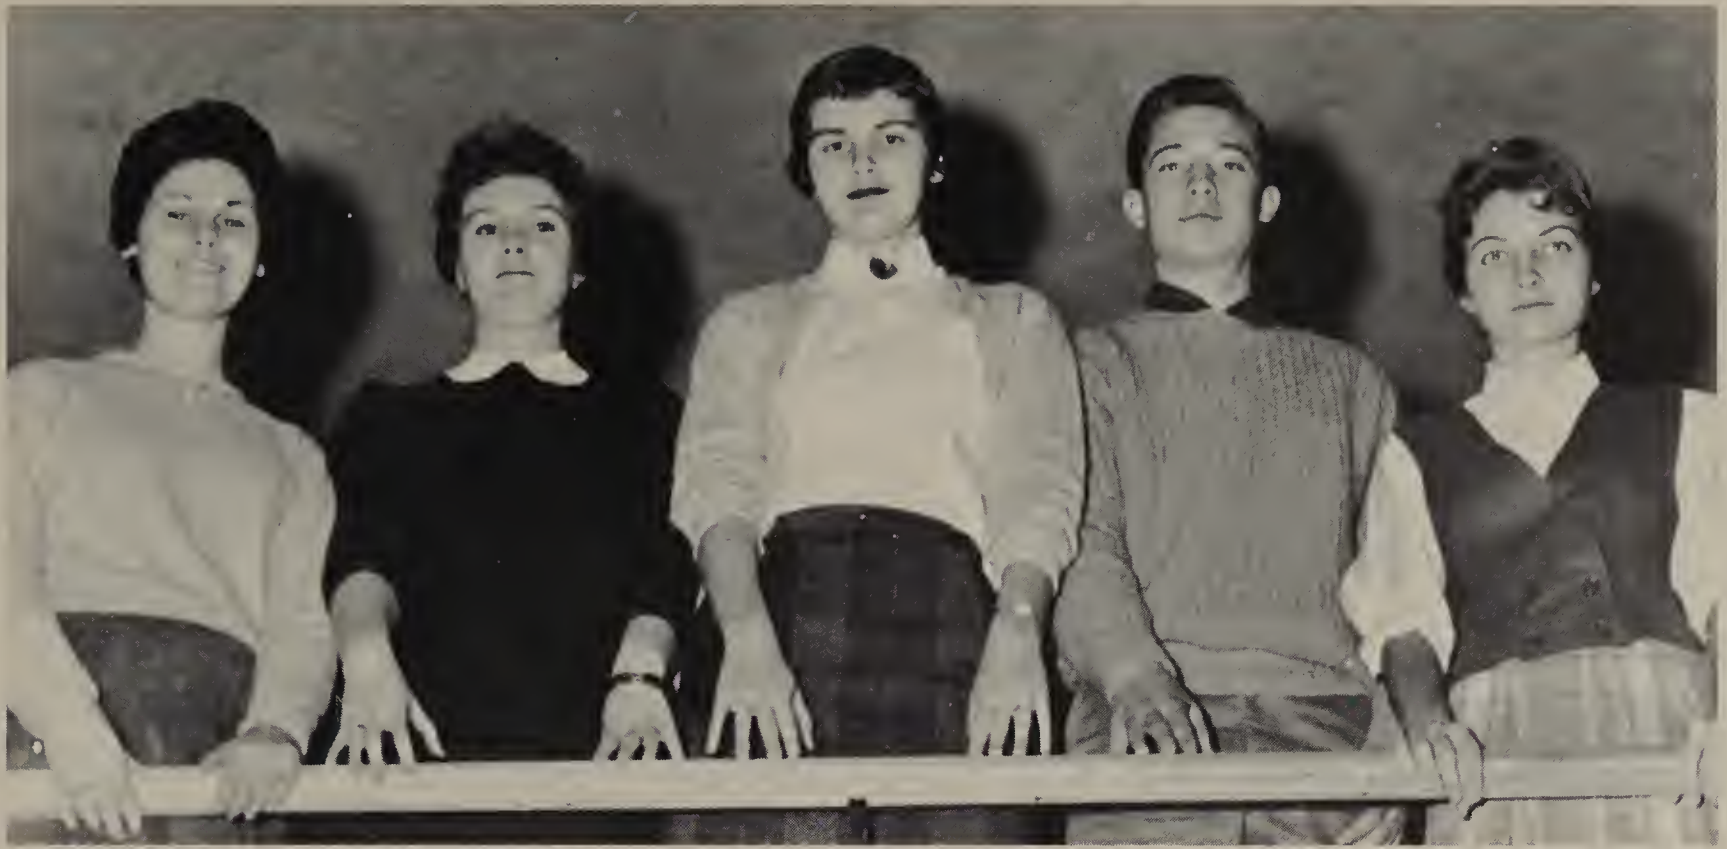

The purpose of National Honor Society is to inspire scholarship, leadership, character, and service in students of our school. Activities for this year included induction, a progressive dinner, and a Christmas party for the alumni.

Forensic League

National Forensic League is an honorary society for people who have received distinction in speech activities, including debate. The club sponsored the debate tournament for the entire state this year. Students from high schools throughout the state came to the tourney. Other activities included the sale of class pins and sponsoring of dances to support the debate program, which includes trips to various schools in the state.

Senior and Junior F. T. A.

The Senior Future Teachers of America is a service club open to senior students while the Junior F.T.A. is open only to juniors. The clubs are designed to encourage members to go into the teaching profession, and they cultivate the qualities essential to a good teacher. The students learn about the advantages and

disadvantages of teaching as well as substituting and grading papers. The club members attend lectures and panel discussions on topics concerning the purposes of the club, and this year the juniors sold shakers with the school colors to promote sportsmanship.

Senior and Junior Hi-Y

One of the service clubs at Whitmer open to junior and senior boys is Senior Hi-Y. Its purpose is to create and maintain high standards of Christian character throughout the school and community. Junior Hi-Y, which is open to sophomore boys, aids the Senior Hi-Y in the religious assemblies given at

Thanksgiving, Christmas, and Easter. The seniors sell Christmas trees, keep the trophy cases in order, and participate in two league basketball teams. The sophomores sell basketball programs and play on a Y.M.C.A. basketball team.

G. A. A.

The purposes of this organization shall be to encourage the girls of Whitmer High School to participate in intramural sports, to make new friends, to learn teamwork and good sportsmanship, besides keeping the body healthy through exercise. The girls have a well planned year full of sports such as hockey, archery, fencing, and baseball. This club is a "must" for every energetic sports-minded girl.

Varsity W

Varsity W is an organization for all athletes who have earned a letter in any of our school sports. Before you can work as a team representing your school, you have to have harmony between fellow students. The purpose of this club is to promote friendship between players of each varsity sport. Their activities include a dance and a concession stand at the circus. At the end of the year, the club holds its annual dinner where members receive their varsity pins.

Spanish Club

To promote interest in Spanish-speaking countries and to gain a better knowledge of the language, is the purpose of the Spanish Club. This year the club enjoyed an extra treat in the form of a visit from a Cuban girl. The students talked with her in Spanish and gained a wide understanding of the country and its customs. They also enjoyed an evening of fun at a splash party.

Junior Classical League

The Junior Classical League is a group whose common interest is Latin. Learning Roman habits and ways of life are stressed. To become a member you must have one year of Latin to your credit. The members attended a Roman Banquet with all the Roman trimmings at Christmas time and were present at the state convention in April.

Ron Amrhein and Larry Grace carry the roast pig to the table at the annual Roman Banquet.

ROW 1: C. Manns, S. Scheller, V. Sharp, B. Clark, M. McKain — *Secretary*. ROW 2: L. Jackson, J. Wade — *Historian*, S. Klump, C. Smith, J. Marlett — *Treasurer*,

Classical Honor Society

The Classical Honor Society is an organization for third and fourth year Latin students. Emphasis is placed on Rome and Greece and the Roman and Greek way of life. Their activities include a trip to the JCL convention in Columbus, a hike, and a Roman Banquet. This year the Classical Honor Society edited the student directory.

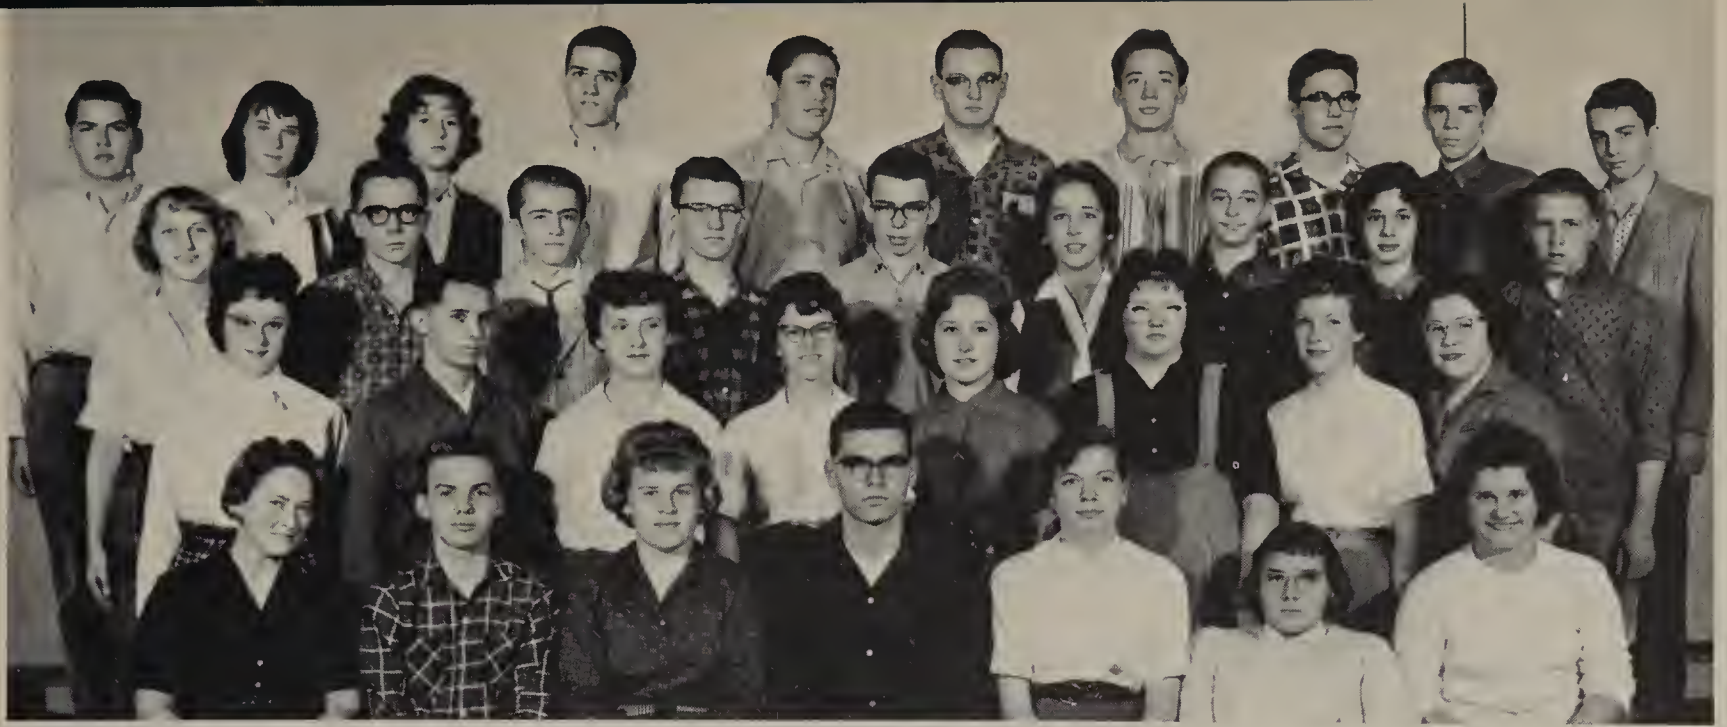

French Club

Les Amis de France, the French Club, gives French students an extra curricular program in which they can become familiar with aspects of French not covered in the classroom. This program is supplemented with films and records. Their social activities include an aftergame dance and a winter toboggan party with a French dinner afterward.

Biology Club

The Biology Club, a relatively new club, promotes interest in the field of biology. All those who are members must have taken biology or be taking it. The club's activities this year included a field trip to a cancer research hospital in Detroit, informative films at meetings, and sponsorship of an after game dance.

Jets

The Whitmer Jets Club was created with the purpose of stimulating interest in the physical sciences. The whole club revolves around field trips and projects connected with these sciences. Sophomores who wish to join must be taking college preparatory biology, and juniors or seniors seeking membership must be taking or have taken chemistry, physics, or physiology. "The future Scientists of America" attend various lectures and demonstrations throughout the year.

F. B. L. A.

The Whitmer chapter of Future Business Leaders of America gives students a better knowledge of the business world and aids them in choosing their occupations. Among their activities are a convention in Bowling Green, trips to business colleges, and speakers from the business world. The club members also take part in service projects and parties to round out their year.

Jr. Council

The Junior Council on World Affairs promotes an understanding of world affairs and people of other countries. This year the council took part in the Toledo Area Junior Council on World Affairs discussion on the Cuban situation. The council also was in charge of a concession stand at one of our basketball games.

ROW 1: P. Baronas — *Secretary*, P. Kline, R. Babiuch, D. Weaver — *Reporter*, E. Marsh, S. Sheppard. ROW 2: T. Draheim, A. Gray — *Treasurer*, M. Brough, L. Krumm, G. Lasky, M. Ralston. ROW 3: D. Portman, C. Lamb, J. Getzinger, L. Petree — *President*, K. DuBry, C. Cox, S.

F. N. A.

The purpose of Future Nurses of America is to familiarize future "Florence Nightingales" with the responsibilities and duties of a nurse and to show them the opportunities offered in a nursing career. This year the club helped those less fortunate by giving Christmas baskets for the needy and contributing clothes and toys to the Sunshine Home.

Hart, Mrs. Shaw — *Adviser*. ROW 4: D. Meinders, E. Gelia, N. Cromer, S. Nancarrow, K. Drake, K. Jump, J. Bowlds — *V. President*, D. Dabrowski, J. Kondash, J. Delph.

Library Council

Library Council gives its members an opportunity to experience library work at first hand. One of the prime purposes of the council is recruiting future librarians. As a school service they work at the main desk, card and shelve books, and help to make the library attractive. As a group, members collect tax stamps for the purchase of recreational reading material, and every year they give a Christmas tea for teachers and parents of the council members.

ROW 1: J. Sylvia, K. Krumm, P. Renner, M. Mitchell, L. Wilhelm — *V. President*, C. Rose, M. Whitmill, S. Myers, Miss Croft — *Adviser*. *ROW 2:* M. Bodnar, E. Johnson, A. Freeman, C. Tassell, L. Mitchell, B. Houck — *Secretary*, D. Harget — *Representative*, C. Rone, B.

Bible Club

The Bible Club furthers Christian fellowship and leadership and also shows its members that there are answers to teenage problems. Among this club's activities were a "funspiration," a lighthearted party, for Whitmer, Sylvania, and Springfield, a spring graduation banquet, and Youth for Christ rallies every Saturday night.

Debate Club

Whitmer Debate Club's main functions are to support the debate team financially and promote inter-scholastic debate, oratory, and public speaking. The "Patrick Henrys" of Whitmer scheduled many debates with high schools throughout the state.

Inter-Club Council

The Inter-Club Council is an organization made up of all Whitmer club presidents. Its purpose is to coordinate and regulate the activities of all the clubs at Whitmer. The council was in charge of the club evaluation program for club officers.

Vocational Industrial Clubs

Vocational Industrial Club of Whitmer is divided into two branches. One is concerned with auto mechanics and the other with trades and industries. The purpose of V.I.C. is to provide opportunities for the development of leadership in civic, social, and industrial pursuits among the members, and to pro-

mote high standards of workmanship and scholarship. Both clubs took part in car-wash projects and scrap drives this year. The members also acted as guides during Open House and dedication week. To wind up a year of activities they hold a steak dinner during the third week of May.

SNAP COURSE IN ECONOMICS

No textbooks. No classes. Just plain economic facts. Practically everything you buy costs more than it used to. Everything *except electricity*. In fact, a dime buys about twice as much electricity as it did a generation ago. You really get your money's worth when you spend it for electricity.

ARE YOU SATISFIED?

Grownups know that personal grooming is important if you want to "get ahead". Teenagers sometimes forget to look at themselves objectively.

So that boys and girls could see themselves as others see them, a full-length mirror was installed in the main corridor of a high school in Buffalo, N. Y.

Boys checked shirttails and trouser lengths—even started wearing coats and ties. Girls stopped to tuck in blouses or rearrange their hair. Renewed pride came to this school—all because of a mirror!

When you buy a mirror, be sure it's made of L·O·F *Parallel-O-Plate*® glass, *twin-ground* for truer reflections and more freedom from distortion. You'll find a wide selection at your furniture, glass or department store.

A mirror is a "must" at school . . . at home . . . anywhere. Always check your appearance before going out. It's a good habit to form and others will notice.

express it beautifully...
type it on the
AIDLER* "PRIMUS"

For that big machine touch try the "Adler Primus" — the lightweight, precision-built typewriter. Smartly finished in two-tone gray. The promise of its appearance is borne out by the thoroughly efficient and sturdy working parts of the machine. The PRIMUS is subjected to numerous stringent tests during production which ensures its future owners of continual, reliable and lasting service.

No school day would be complete without the daily "mad dash" for the bus. For you seniors, your school year is through and soon each of you will be boarding your own bus which will take you out into Life. For the underclassmen, there are still more years to travel until your job at Whitmer is done.

We, the staff, would like to thank our adviser, Mrs. Dennis, Powell Studios, American Yearbook Company, the administration, faculty members, and you, the students of Whitmer High School, for helping us with this, the 1961 Oracle.
